Incluso un pueblo de demonios: democracia, liberalismo, republicanismo Félix Ovejero, 2008-01-01 La moderna
democracia se configura en la tensión entre el liberalismo y el republicanismo El primero con una mirada desconfiada hacia los
ciudadanos sobre todo hacia los ciudadanos más pobres cre instituciones que en lo posible deban ser impermeables a la voz
de aquellos desprovistos de virtud En oposición a ese concepto de democracia el republicanismo aspira a extender el ideal de
ciudadanía comenzando por el derecho al voto Que las cosas decantaran hacia uno u otro lado hacia el ideal aristocrático o
hacia el participativo ser a cuestión como se alía Félix Ovejero en esta obra del ruido y de la furia de la historia **Teoría
política: poder, moral, democracia** Aurelio Arteta Aisa, Ramón Máiz Suárez, 2014-03-18 Este volumen aborda algunas de
las cuestiones más importantes de la teoría política explorando sus conexiones tanto con la ciencia política como con la filosofía
moral y la filosofía política Un primer bloque temático aborda cuestiones como la acotación del ámbito de lo político y sus
componentes esenciales las pasiones políticas el poder y la legitimidad la obligación política la revuelta o la revolución Un
segundo grupo de capítulos se centra en las dimensiones capitales de la democracia las teorías de la justicia la sociedad civil
los modelos de ciudadanía las relaciones entre liberalismo y republicanismo los malentendidos en torno a la tolerancia y los
problemas de la democracia de mercado El último apartado se ocupa de algunos retos políticos del presente la crisis de la
representación los desafíos de la globalización el nacionalismo el multiculturalismo la democracia mediática y el
cosmopolitismo Aurelio Arteta es catedrático de teoría de la Universidad del País Vasco en Vitoria Elena García Guitián es
profesora titular de Ciencia Política en la Universidad Autónoma de Madrid Ramón Máiz es catedrático de Ciencia Política en la
Universidad de Santiago de Compostela *El giro deliberativo en la democracia. Teoría y evidencia empírica* Jorge Iván
Cuervo Restrepo, Hernández Quiñones Hernández, Juan Esteban Ugarriza, 2012 El giro deliberativo en la democracia retoma
el debate sobre la calidad de la democracia en escenarios de crisis de representación debate que había sido dejado un poco
entre el tintero en el contexto de las teorías del republicanismo Luego de la superación de los regímenes autoritarios en el
Cono Sur y de las reformas neoliberales del Estado la pregunta por la democracia va más allá del origen de los gobiernos y del
ejercicio del poder de estos con respeto por los derechos fundamentales y se instala en la posibilidad que tienen los
ciudadanos no sólo de elegir sus representantes y gobernantes sino también en incidir en los procesos de toma de decisiones
que les concierne y que los representantes tengan que dar razones de su mandato El punto de gravedad de la legitimidad
democrática oscila entonces entre la elección de los gobernantes y la razonabilidad de las decisiones que adoptan éstos en el
contexto de un Estado de Derecho con la perspectiva de ciudadanos más comprometidos en la defensa de lo público Así la
democracia representativa no puede entenderse sin participación y sin deliberación Las claves del debate sobre democracia y

deliberación quedan expuestas en este libro con una profundidad teórica y una perspectiva crítica que revitalizan una discusión necesaria en tiempos en que parecería estar todo dicho acerca de la democracia **Introducción a la teoría del Estado**

Martin Kriele, 2023-12-13 El Estado es en su complejidad un tema inagotable. Da lugar a problemas políticos ideológicos antropológicos económicos históricos fenomenológicos cuestiones referentes a la historia de las ideas etc. La teoría del Estado es por tanto una ciencia en la cual hoy en día se especializan colaboran muchas disciplinas científicas en especial la politología la economía política la historia y la filosofía en sus diversas ramas. La teoría del Estado situada en el campo de la ciencia jurídica la teoría general del Estado tiene una doble función como ciencia es la contribución que aporta el jurista a las ciencias del Estado interdisciplinarias con su conocimiento del manejo de las normas y de las instituciones del derecho. Por otro lado como materia de enseñanza es la selección y comunicación de los conocimientos de las ciencias del Estado interdisciplinarias que interesan en especial al jurista. Al jurista le interesa en especial lo que sirve para la comprensión profundizada de las instituciones jurídicas estatales. Para ese fin es importante como ya lo ha enseñado Savigny perseguir la evolución de las instituciones hasta su raíz histórica. Esto vale para las instituciones del derecho público todavía más que para las del derecho civil. La mejor manera de comprenderlas es a través de las situaciones históricas en las cuales se han originado y se han acrisolado. Martin Kriele *Teoría y política en la obra de Carlos Pereyra* Luis Angel Ortiz Palacios, 2001
