LA FUERZA DEL CORAZÓN ORANTE Emilio Mazariegos, **La universidad en México hoy** Eduardo Ibarra Colado, 2001 **El detector** John Danen, El detector es un libro para interpretar el lenguaje corporal en la seducción Esto nos permite identificar que personas están interesadas en nosotros incluso antes de hablar con ellas Es un arma muy poderosa que te muestra las oportunidades que otros no ven Es fruto de deducciones de observación y dedicación Dedicado a Dark Rockstar **Gentrificación** Jorge Sequera, 2020-07-03 Que la gentrificación constituye la única solución viable para los barrios abandonados es un argumento que desde algunos sectores involucrados se repite como un mantra legitimando uno de los principales mecanismos contemporáneos de gestión urbana neoliberal enmascarada bajo conceptos ambiguos como regeneración revitalización o renacimiento Las nuevas clases medias atraídas por fenómenos como la mezcla social la escena alternativa o el imaginario de la cultura popular eligen estos barrios previamente desvalorizados convirtiendo rápidamente el deterioro urbano en un producto chic En los últimos años la turistificación alimentada por el crecimiento del capitalismo de plataforma que convierte viviendas en hoteles es uno de los mayores desafíos actuales a la hora de repensar la ciudad Complemento o anttesis de la gentrificación este turismo depredador hace que la ciudad se convierta en un gran museo donde el paisaje comercial tradicional de algunas zonas urbanas tiende a disneyficarse y franquiciarse provocando profundos cambios socioculturales desigualdad urbana y nuevas precariedades **48 horas conmigo** Álvaro Cabezón, 2016-02-04 Nadie hubiera pensado que un día de vacaciones podría acabar de aquella manera Alberto un hombre de mediana edad se encontraba junto a dos de sus tres hijos cuando ocurrió algo que sin sospecharlo iba cambiar por completo su existencia Las siguientes 48 horas pasaban a ser claves en su futuro tanto para él como para sus seres queridos asaltándole un cúmulo de interrogantes Quisiera ser de más a partir ahora Volver a estar igual que antes alguna vez en mi vida Cuando volver a casa Cuando podría volver a trabajar Volver a fumar Podría volver a hacer deporte Y sobre todo Por qué me ha pasado esto a mí Su testimonio escrito en primera persona es ante todo pura humanidad y servir para acercar al lector a una vivencia que nos es muy próxima y cercana *Conciencia maya. Vivir como un ser de tiempo* Claudia Federica Zosi, 2006-05 **Transition Cinema** Jessica L. Stites Mor, 2012-05-27 In Transition Cinema Jessica Stites Mor documents the critical role filmmakers the film industry and state regulators played in Argentina's volatile and unfinished transition from dictatorship to democracy She shows how during periods of both military repression and civilian rule the state moved to control political film production and its content distribution and exhibition She also reveals the strategies that the industry independent filmmakers and film activists employed to comply with or circumvent these regulations Stites Mor traces three distinct generations of transition cinema each defined by a seminal event that shifted the political economy of national filmmaking The first generation of filmmakers witnessed and participated in civil uprisings such as the Cordobazo in 1969 and faced waves of repression violence and censorship This generation gave rise to vibrant underground exhibitions and film clubs and eventually became

symbolically linked to the Peronist Left and radical militancy Following the 1983 return to civilian rule a second generation of political filmmakers emerged at the center of public debates when Buenos Aires became the locus for state level cultural programs to address human rights and collective memory Building on that legacy a third generation of filmmakers explored new modes of activist and political filmmaking aided by digital technology They pioneered new genres such as the street phenomenon of cine piquetero and introduced resistance politics and social movements into highly visible public spaces In this captivating work Stites Mor examines how social movements political actors filmmakers and government and industry institutions all became deeply enmeshed in the project of Argentina s transition cinema She demonstrates how film emerged as the chronicler of political struggles in a dialogue with the past present and future whose message transcended both cultural and national borders
