**Things He'll Never Tell You** Kevin Leman, 2011-07-14 Kevin Leman wants you to know that men are less complicated than you give them credit for. At the core of men you'll find a sensitive emotional being that needs to feel loved, respected, and needed. Men are very protective of their core. It's this protective behavior that keeps men from openly sharing their feelings with women. But Kevin Leman knows that the more you understand and are sensitive to the fears, anxieties, and insecurities that make the men in your life behave the way they do, the stronger your relationships will be. Your Church Can Be--

Family Friendly Steve Thomas, 1996 One of the biggest dangers to the church is the breakdown of the family. It is more important now than it ever has been to have family ministries that meet the needs of its members. After reading this book, you will have a good understanding of what is involved in starting a successful family ministry. **The Richest Man in Town**

Randall Jones, 2009-05-04 Secretly, if not overtly, almost everyone in America desires to become rich to make it big, to enjoy the fruits of the most successful life imaginable. But unfortunately, most of us don't have a clue how to reach these all too elusive goals. Quite simply, there's no definitive road map for getting there, no proven plan, and certainly very little access to those who have become the richest man in town. But now W. Randall Jones, the founder of *Worth* magazine, is about to change all that. He's traveled to one hundred different towns and cities across the country and interviewed the wealthiest resident in each. No, these are not those folks who inherited their wealth or happen to be a CEO of a Fortune 500 company. Rather, these are the self-made types who, through hard work and ingenuity, found their own individual paths to financial success. Remarkably, during his research, Jones found that these successful people were not so different from one another. They all shared many of the same traits and followed what the author calls the Twelve Commandments of Wealth: stay hungry, even when you're successful; you really do learn more from failing than you may think; absolutely be your own boss; the sooner the better; understand that selling is the key to success; where you live doesn't matter; never retire; and other more surprising revelations. Practical, unique, and inspiring, this book lets you peek inside the living rooms of dozens of America's most successful people and shows how you too can become The Richest Man in Town. **Recording for the Blind & Dyslexic, ...
