Skeffington and the Vamp Adam Vigor,2003-09      *Theology and Vampires* Madeline Potter,2025-03-15 What can vampires teach us about God How can they reshape the way we think about religion and our relationship with the divine Through a thorough analysis of the relationship between theology and vampires *Theology and Vampires* provides a glimpse into the versatility of the vampire as a tool for theological enquiry Contributions to the volume assess vampires and their role in articulating theological thought bringing together some of the classical vampire tales of the 19th century with contemporary iterations of the figure Considering how vampires are used to ask theological questions across media from literature through to video games this volume paints a complex and comprehensive picture of the often overlooked manner in which vampires not only reflect but also actively shape theological modes of enquiry      The Irish Vampire Sharon M. Gallagher,2017-04-20 The origins of the vampire can be traced through oral traditions ancient texts and archaeological discoveries its nature varying from one culture to the next up until the 20th century Three 19th century Irish writers Charles Robert Maturin Joseph Sheridan Le Fanu and Bram Stoker used the obscure vampire of folklore in their fiction and developed a universally recognizable figure culminating in Stoker s *Dracula* and the vampire of today s popular culture Maturin Le Fanu and Stoker did not set out to transform the vampire of regional folk tales into a global phenomenon Their personal lives national concerns and extensive reading were reflected in their writing striking a chord with readers and recasting the vampire as distinctly Irish This study traces the genealogy of the modern literary vampire from European mythology through the Irish literature of the 1800s      **Vamps** Pam Keesey,1997 A lavishly illustrated survey of screen sirens and bad girls Booklist      **Reference Catalogue of Current Literature** ,1906      These Movies Won No Hollywood Awards John Reid,2005-11-06 This selection of movies that won no Hollywood awards includes some that are famous like Garbo s *Queen Christina* and *A Woman of Affairs* William Wyler s *Carrie* and *Detective Story* Fritz Lang s *Metropolis* John Farrow s *California* Hitchcock s *Young and Innocent* John Ford s *Wee Willie Winkie* Albert Lewin s *Pandora* and the *Flying Dutchman* Mae West s *She Done Him Wrong* and DeMille s original version of *The Ten Commandments* some that deserve to be famous like *Tonight and Every Night* *Sunnyside Up* *Ambassador* *Bill* *Diplomaniacs* *The Nitwits* *Fallen Angel* and *Rhythm on the Range* and some that had no chance at all like *The Noose Hangs High* *Words and Music* *The Bohemian Girl* and *Wagon Wheels Westward* Special added feature a monograph on one of Hollywood s greatest directors Henry Hathaway      *TLA Film, Video, and DVD Guide 2002-2003* David Bleiler,2001-11-03 A film video and DVD guide for the true lover of the cinema this volume focuses on independent and international films as well as the best of the mainstream 450 photos throughout

P. Lovecraft,2013-06-10 Originally published in 1927 in a small circulation amateur magazine spanning the period from antiquity until the 1930s and covering both the Anglo American world and Continental Europe Lovecraft's essay remains unparalleled as a survey of horror literature in our hemisphere Said literature's emergence as a genre coincided with the institutional establishment of liberalism which represents a diametrically opposed worldview This would suggest that horror literature even if inadvertently or subconsciously represents an attempt at escaping the limitations of the secular materialist rationalist Weltanschauung of liberal modernity as well as a desire for meaning in a world rendered meaningless through liberation from hierarchies folk traditions the occult and the supernatural Also of interest is the fact that the aesthetics of Gothic horror are invariably and luxuriantly beautiful if in a dark way whereas the logical extreme of rationality utilitarianism standardisation is inherently anti aesthetic Would this not indicate then that the Age of Reason marked the beginning of a process that concluded in late modernity with the wholesale destruction of beauty except where it or the counterfeiting of it was dictated by economic necessity If so we may view Lovecraft's essay not merely as a resource for those seeking entertainment within a genre of literature but also a map for those seeking to escape and begin to transcend the despair engendered by a worldview that pronounced itself dead when someone spoke of the end of history     *The New Film History* J.
