Soviet Evangelicals Since World War II:

Soviet Evangelicals Since World War II Walter Sawatsky, 1981 Walter Sawatsky fills a serious gap in the literature on the church in the Soviet Union by providing a reliable sensitive treatment of a subject suffering from exaggerations on the one hand and the inadequate candor of Soviet spokesmen on the other Stories and illustrations by the hundreds hold readers as Sawatsky unfolds the history and drama of the church in the USSR

Soviet Evangelicals since World War II Walter Sawatsky, 2007-02-19 Nearly annihilated in the Stalinist persecutions of the 1930s Soviet evangelicals emerged after the war in successive revival waves The extremities of survival brought four evangelical denominations into a single state approved union This book describes the subsequent unity struggles devoting major attention to the Reform Baptist split in 1961 when Soviet authorities again tried to destroy the movement The book describes regional differences techniques for evangelism and the lifestyle of local and regional leaders both the legally registered ones and those hiding from the authorities It also includes a frank description and analysis of the major missions to Eastern Europe as well as the foreign relations of Soviet evangelicals Every chapter raises issues for reflection often paradoxical about how the church should live in an unfriendly environment Illustrative material throughout personalizes a story that is overburdened with tragedy pathos and conflict The book is intended to fill a serious gap in the literature by providing a reliable sensitive treatment of a subject suffering from exaggerations on the one hand and the inadequate candor of Soviet spokesmen on the other It is based on a broad range of sources some of which were uniquely available to the author The more we understand each other the easier it is to love each other and to combat the suspicions that lead to war

Ministries of Compassion among Russian Evangelicals, 1905-1929 Mary Raber, 2016-05-13 The present study fills a gap in the study of the evangelical movement in Russia by presenting a comprehensive picture of their compassionate ministry during their longest stretch of relative freedom before the 1980s Better known for their energetic preaching and literature work Russian evangelicals also gave attention to compassionate ministry although it was never extensive because of their marginal status They established assistance funds organized charitable institutions practiced urban rescue ministry participated in the Russian temperance movement and established economic communities Each area is distinct yet all were supported by the same set of theological convictions The Russian evangelicals were convinced that their witness should consist of good works as well as words and that the gospel had the power to undo human suffering While intentionally cultivating an attitude of concern for the needs of others they taught that compassion was the concern of all members of the community regardless of economic status or age In their publications evangelicals devoted a good deal of teaching to the proper Christian attitude toward money and giving They drew on Western models but also their indigenous sectarian roots

Evangelicalism in Europe Pieter J. Lalleman, Frank Hinkelmann, 2025-08-31 What does the evangelical movement stand for In the twenty first century the term has become highly contested In August 2024 the Fellowship of European Evangelical Theologians met for its biennial conference in

cooperation with the European Evangelical Alliance to explore evangelical identity in Europe with particular emphasis on unity in diversity This collection of essays and invited additional chapters was presented by national leaders and experts from across Europe Addressing pertinent issues for the movement in their diverse contexts the authors develop an evangelical theology outline the movement s history and current circumstances and provide sociological analyses of evangelicals This timely and important book shapes the future of evangelicalism reminding its readers that what lies at the heart of it no matter the location is faithfulness to the gospel of Jesus Christ and rejoicing in the good news that it brings to humanity

Russian Baptists and Orthodoxy, 1960-1990 Constantine Prokhorov, 2014-01-14 Russian Baptists and the Orthodox Church have had a difficult and at times dramatic relationship over the past century and a half However the purpose of this thesis is to examine certain internal connections between these two Christian bodies Despite the evident dissimilarity in theology church practice and traditions there is common ground which has been largely unexplored A number of features inevitably brought them together such as living in the same country over a long period of time sharing a history and national roots responding to the same civic concerns and finally until recently using the same Russian Synodal translation of the Bible This thesis explores first of all the roots of the issue of Orthodox Baptist similarities and dissimilarities in the nineteenth century The remainder of the thesis focuses on 1960 to 1990 There is a chapter analyzing the way in which in significant areas Russian Baptist theology resembled Orthodox thinking This is followed by a study of church and sacraments which again shows that Russian Baptist approaches had echoes of Orthodoxy The thesis then explores Baptist liturgy showing the Orthodox elements that were present The same connections are then explored in the area of Russian Baptist communal spiritual traditions The examination of the Bible beliefs and behaviour also indicates the extent to which Russian Baptists mirrored Orthodoxy Finally there is an analysis of the popular piety of the Russian Baptists and the way in which they constructed an alternative culture The basic views of Russian Baptists between the 1960s and 1990 have been drawn from periodicals of the Russian Baptist communities and from interviews with pastors presbyters and church members who were part of these communities This often yields insights into primary theology which in relation to many issues differs from official Baptist declarations that tend to stress the more Protestant aspects of Russian Baptist life The aim of the thesis is to show that in a period in the history of the USSR when the division between the Western world and the Soviet bloc was marked there was a strong Eastern orientation among Russian Baptists This changed when the USSR came to an end Over a number of years there was mass emigration of Russian Baptists and in addition pro Western thinking gained considerable ground within the Russian Baptist community During the period examined here however it is possible to uncover a great deal of evidence of Russian Baptists participating in Orthodox theology spiritual mentality and culture *Context and Contextuality* Vyacheslav Tsvirinko, 2018-01-31 Since 1988 hundreds of thousands of evangelical Christians have migrated to the United States of America from former Soviet Union countries establishing many Russian speaking immigrant

congregations across the country This study analyzes how these immigrant churches function in their new cultural social and religious context Dr Vyacheslav Tsvirinko a Russian who lived in the USA for over twenty five years examines the holism authenticity and contextuality of the mission work done by churches in the Pacific Coast Slavic Baptist Association PCSBA in America He defines authentic mission in light of three major Christian groups the World Council of Churches the Lausanne Movement and Anabaptists and uncovers startling insights on how PCSBA churches engage in mission both back in their homeland and in the USA The findings and conclusions of this work are invaluable to diasporic Christian communities who wish to address their authenticity in the way they do mission both internationally and in their local context creating a path to more fruitful gospel and kingdom work Like Ripples on Water Timofey Cheprasov,2018-07-17 Like Ripples on Water is first of all a book about Russian Baptists and their preaching While this religious group has attracted significant amount of interest from the academic community the majority of the existing research projects concentrate on the history of the movement rather than its contemporary ecclesial realities Preaching At present this is the only work that offers an in depth study of the practice central to the life of Russian Baptist communities As it is shown in the book one has to take into consideration numerous historical theological and cultural peculiarities to appreciate and apprehend the way preaching is seen and practiced in Russia The inability to understand the practice of proclamation and its formative as well as destructive potential bears long lasting and far reaching consequences for churches preachers and educational institutions which aim at preparing pastors missionaries and church planters for Baptist churches in Russia and other countries that have shared history of Baptist presence **Sorrow and Blood** William D. Taylor,Antonia van der Meer,Reg Reimer,2012-07-04 On behalf of the WEA Mission Commission William Carey Library is pleased to launch a landmark anthology and resource This is a new publication in the Globalization of Mission series Sorrow Blood Christian Mission in Contexts of Suffering Persecution and Martyrdom The editorial team of William Taylor USA Tonica van der Meer Brazil and Reg Reimer Canada worked over four years to compile this unique resource anthology This book is the product of the Mission Commission s global missiology task force and a worldwide team of committed colleagues and writers Some 62 writers from 23 nations have collaborated to generate this unique global resource and anthology Ajith Fernando of Sri Lanka and Christopher Wright of the UK each wrote prefaces to the book This latest WEA volume has the potential of profoundly shaping our approach to mission in today s challenging and increasingly dangerous world *Conscience on Trial* Hiroaki Kuromiya,2012-03-07 Conscience on Trial reveals the startling story kept secret for sixty years of ordinary citizens caught up in the elaborate machinery of political terror in Stalinist Ukraine In 1952 fourteen poor barely literate Seventh Day Adventists living on the margins of Soviet society were clandestinely tried for allegedly advocating pacifism and adhering to the Saturday Sabbath The only written records of this trial were sealed in the KGB archives in Kiev and this harrowing episode has until now been unknown even within the Ukraine Hiroaki Kuromiya has carefully analyzed these newly discovered documents and in doing so reveals a

fascinating picture of private life and religious belief under the atheist Stalinist regime Kuromiya convincingly elucidates the mechanism of the Soviet secret police and explores the minds of non conformist believers precursors to the revival of dissidence after Stalin s death in 1953 Dance or Die Toivo Pilli,2009-04-01 This book focuses on the changes in the identity of Estonian Evangelical Christian Baptists ECB during the Soviet years 1945 1991 The author analyzed the influences that affected the life and self understanding of the ECB churches in this most northernmost of the three Baltic countries External pressures from the Soviet atheistic state and the internal dynamics of Estonian ECB churches are both considered and analyzed Comparisons are drawn which show both the similarities with the wider Evangelical world and uniqueness of a local Baptist identity The book based on extensive use of archive and other primary source materials makes an especial contribution to the important emerging field of the study of Evangelicals in Eastern Europe
