Soviet Non Capitalist Development The Case Of Nassers Egypt:

Soviet Non-Capitalist Development Ismael Hossein-zadeh, 1989-04-10 The sense one gets from this most interesting book is that the change Nasser wrought in the Egyptian economy was more out of expediency than out of ideological commitment According to Hosseinzadeh those who argue that Nasser's development path was noncapitalist or socialist are wrong he presents their arguments and refutes them Indeed Egypt's path he argues was closer to state capitalism than to any other path Highly recommended for faculty advanced undergraduates and graduate students Choice This clear comprehensive book examines the theoretical ideological and political aspects of the official Soviet approach to Third World economic development Of particular interest is the analysis of the so called theory of non capitalist NCD path to socialism which is studied both theoretically and empirically The author traces the history of thought leading to successive versions of this theory and provides a persuasive critique of it This history begins with Marx and Lenin continues with Trotsky and the resolutions of the Comintern Congresses of the 1920s and leads through the Stalin era to the influence of Soviet experiences with national and social movements in the Third World The book ends with recent reassessments of the Soviet approach to Third World developments under Gorbachev and his co thinkers This definitive work is of value to all those interested in Soviet studies Third World especially Middle East studies and the study of Soviet Third World relations in general The author challenges Soviet Third World experts by examining the substance of their theories and the relevance of their policies from a Marxist point of view The claims of these experts are tested against the actual developments of Nasser's Egypt the most frequently cited case of non capitalist development The study of the case of Egypt focuses on the extensive nationalizations that were implemented under the Free Officers rule the philosophy of those nationalizations the character of state capitalist regimes and their tendency toward expanding the public sector the differences between socialism and state capitalism and the like *The Soviet Union and Egypt, 1945-1955* Rami Ginat, 2022-12-28 The Soviet Union and Egypt first published in 1993 sheds new light on Soviet policy towards the Middle East after 1945 It seeks to uncover and analyse the events leading to the eventual domination of Egypt and other Arab countries by the Soviet Union Soviet penetration into the region can only be understood by tracing the roots and motives of Soviet policy after the Second World War The strengthening of Soviet influence resulted from a process of gradual political and ideological development in Egypt Special attention is drawn to domestic and foreign developments in both countries and the book makes extensive use of recently declassified documents and primary sources *The Struggle for the Middle East* Walter Laqueur, 2016-07-22 This book first published in 1969 surveys Soviet policies and Middle Eastern responses during the turbulent 1960s It deals with changing moods of Turkey and Iran the Arab Israeli conflict in the context of big power rivalry in the Middle East the Russian naval presence in the Mediterranean and the new Soviet interest in Gulf oil The author also reviews the changing orientations of Middle Eastern communism in the new age of polycentrism **Rethinking Middle East Politics** Simon Bromley, 1994-01-01 Rethinking

Middle East Politics considers a range of debates on the character of political and socioeconomic development in the Middle East focusing on the linked processes of state formation and capitalist development Simon Bromley seeks to reformulate the central questions involved in the study of state formation He builds a comparative framework based on an examination of key developmental processes in Turkey Egypt Iraq Saudi Arabia and Iran and offers a range of substantive theses on the place of democracy and Islam in the region His findings explain a very large part of what appears to be significant in the emergence of the modern Middle East Rethinking Middle East Politics presents a new way of analyzing politics in the Middle East offering a perspective that has major implications for rethinking Third World politics more generally and for the social and political theory of modernity The Soviet Union ,1986 Soviet Institutions Karel Hulicka,Irene M. Hulicka,1967 **The Fragmentation of Afghanistan** Barnett R. Rubin,2002-01-01 This monumental book examines Afghan society in conflict from the 1978 communist coup to the fall of Najibullah the last Soviet installed president in 1992 This edition newly revised by the author reflects developments since then and includes material on the Taliban and Osama bin Laden It is a book that now seems remarkably prescient Drawing on two decades of research Barnett R Rubin a leading expert on Afghanistan provides a fascinating account of the nature of the old regime the rise and fall of the People s Democratic Party of Afghanistan and the troubled Mujahidin resistance He relates all these phenomena to international actors showing how the interaction of U S policy and Pakistani and Saudi Arabian interests has helped to create the challenges of today Rubin puts into context the continuing turmoil in Afghanistan and offers readers a coherent historical explanation for the country s social and political fragmentation Praise for the earlier edition This study is theoretically informed empirically grounded and gracefully written Anyone who wants to understand Afghanistan s troubled history and the reasons for its present distress should read this book Foreign Affairs This is the book on Afghanistan for the educated public Political Science Quarterly □□□□□□□□ ,1990 **Navigating Socialist Encounters** Eric Burton,Anne Dietrich,Immanuel Harisch,Marcia Schenck,2021-06-08 This edited volume firmly places African history into global history by highlighting connections between African and East German actors and institutions during the Cold War With a special focus on negotiations and African influences on East Germany and vice versa the volume sheds light on personal and institutional agency cultural cross fertilization migration development and solidarity *Whitaker's Book List* ,1989
