Soziologische Aufklärung 1 Aufsätze Zur Theorie Sozialer Systeme:

Soziologische Aufklärung 1 Niklas Luhmann, 2013-03-09 Die Soziologie blickt was praktische Verwendung und theoretische Konsolidierung anlangt in eine offene höchst ungewisse Zukunft All ihren Beständen und jedem ihrer Einsätze fehlt die Gewissheit dauerhafte Erkenntnis zu sein Das gilt selbst für empirische Forschung besonders aber für rein theoretische Überlegungen In dieser Lage wäre ein Verzicht auf zusammenfassende Theorie vernunftvoll aber es empfiehlt sich solche Theorie zunächst einmal ins Unreine zu schreiben Dafür schien mir über eine Reihe von Jahren hinweg der Zeitschriftenaufsatz die geeignete Form der Mitteilung zu sein Die Zahl und die Zerstreuung solcher Aufsätze erschweren jedoch den Zugang den Überblick die Kontrolle und die Kritik Diesen Mangel soll die hiermit vorgelegte Sammlung beheben Im Sinne dieser Zweckbestimmung lag es von einer Bearbeitung der bereits gedruckten Aufsätze abzusehen So blieben Überschneidungen stehen und auch Unebenheiten in der Formulierung die bei einem Neuentwurf vermeidbar wären Es war jedoch notwendig und sinnvoll eine Auswahl zu treffen und daraus ergab sich die Anregung zur Abrundung zweier neuer Aufsätze zu schreiben Ausgewählt habe ich Beiträge zur allgemeinen theoretischen Soziologie und zur Theorie der Gesellschaft und ihrer primären Teilsysteme Unter diesem Gesichtspunkt war es erforderlich einen Beitrag zur Theorie der Gesellschaft neu zu verfassen da die bereits veröffentlichten Gedanken zu diesem Thema zu sehr vom jeweiligen Anlaß der Publikation geprägt waren Und ferner schien es mir sich zu lohnen die in Ansätzen skizzierte theoretische Konzeption auch für den Fall des Sozialsystems der Wirtschaft durchzuspielen

Reframing the Social Poe Yu-ze Wan, 2011 Poe Yu ze Wan argues for a critical realist and systemist social ontology designed to shed light on current debates in social theory concerning the relationship of social ontology to practical social research and the nature of the social It explores the works of the systems theorist Mario Bunge in comparison with the approach of Niklas Luhmann and critical social systems theorists to challenge the commonly held view that the systems based approach is holistic in nature and necessarily downplays the role of human agency

Niklas Luhmanns Theorie der Politik Stefan Lange, 2013-03-08 Eine ideengeschichtliche Durchdringung von Niklas Luhmanns Gesamtwerk im Hinblick auf seine Essenz als politische Theorie galt lange Zeit als unerledigte Aufgabe der Politikwissenschaft In diesem Buch wird erstmals eine solche Theorie Rekonstruktion vorgelegt Sie erfolgt unter der Sonde zweier Begriffe die zur Charakterisierung von Staatsgesellschaften von besonderem Interesse sind politische Steuerung und politische Legitimität In diesem Rahmen wird die Möglichkeit einer wechselseitigen Verschränkung von Luhmanns universalistischer Systemtheorie mit einer normativ motivierten Zeitdiagnostik überprüft Hiermit verquickt der Autor die These dass sich Luhmanns Beitrag zur politischen Theorie auf eine Abklärung der Staatsgesellschaft im Sinne einer kritischen Zeitdiagnose des Wohlfahrtsstaates und der ihn tragenden Gestaltungsutopien verdichten lässt

Niklas Luhmann Christian

Borch,2011-03-31 Niklas Luhmann offers an accessible introduction to one of the most important sociologists of our time It presents the key concepts within Luhmann s multifaceted theory of modern society and compares them with the work of other key social theorists such as Jürgen Habermas Michel Foucault and Zygmunt Bauman The book pays particular attention to introducing and discussing Luhmann s original sociological systems theory It presents a thorough investigation into the different phases of his oeuvre through which both the shifting emphases as well as the continuities in his thinking are shown The primary focus of this text is Luhmann s theory of modern society as being differentiated into a plethora of function systems such as politics law and economy which operate according to their own distinct logics and which cannot interfere with one another For Luhmann this functional differentiation works as a bulwark against totalitarian rule and as such is a key foundation of modern democracy Furthermore the book critically examines the implications of this functional differentiation for inclusion and exclusion dynamics as well as for the understanding of power and politics This is a key text for both undergraduate and postgraduate students of areas including contemporary social theory political sociology and sociology

Tracing Global Democracy Vladimir Biti,2016-01-15 Focused on the recently hotly debated topic at the crossroads of various human and social sciences this book investigates the emergence of the cosmopolitan idea of literature and its impact on the reconfiguration of the European and non European political spaces The birthplace of this idea is its designers traumatic experience as induced by the disconcerting condition of their abode The thesis is that the eighteenth and nineteenth century s cosmopolitan projects that grow out of such deep frustrations trace the twentieth century s global democracy This hidden origin of cosmopolitan projects dismantles the usual European representation of modernization as universal progress as myopic Rather than being a generous action of prominent subjects such as Voltaire Kant and Goethe or Bakhtin Derrida and Deleuze cosmopolitanism is an enforced reaction of the instances dispossessed by injury that search for the ways of healing it Yet as soon as their remedy establishes itself as the ground for universal reconciliation it risks suppressing other s trauma i e turns from politics into a police Articulating the author s position in the recent debates on the structure of democracy the epilogue suggests an alternative strategy , The Blackwell

Soziologie der Fremdenfeindlichkeit Jörg Stolz,2000 **The Flight into Strategic Ambiguity** Olaf Hoffjann,2025-02-07 This book analyses how and why advertising PR and corporate and

political communication make use of strategic ambiguity This special quality of vagueness allows companies to talk about the relevance of ESG or governments to promise stability and prosperity without fully committing themselves disappointing no one and securing every freedom This book describes in detail the diverse practices of ambiguous strategic communication and its opposite strategic clarity with many examples For academics it offers a detailed framework for describing and researching strategic ambiguity For PR practitioners it provides a toolbox for the use of strategic ambiguity Lastly it provides journalists with a means of recognizing and criticizing questionable strategic ambiguity This book is a translation of the original German edition *Die Flucht in die Ambiguität* The translation was done with the help of an artificial intelligence machine translation tool A subsequent human revision was done primarily in terms of content so that the book will read stylistically differently from a conventional translation

Soziologische Aufklärung ; Aufsätze zur Theorie sozialer Systeme, 1972 **What is Power?** Byung-Chul Han, 2018-12-28 Power is a pervasive phenomenon yet there is little consensus on what it is and how it should be understood In this book the cultural theorist Byung Chul Han develops a fresh and original perspective on the nature of power shedding new light on this key feature of social and political life Power is commonly defined as a causal relation an individual's power is the cause that produces a change of behaviour in someone else against the latter's will Han rejects this view arguing that power is better understood as a mediation between ego and alter which creates a complex array of reciprocal interdependencies Power can also be exercised not only against the other but also within and through the other and this involves a much higher degree of mediation This perspective enables us to see that power and freedom are not opposed to one another but are manifestations of the same power differing only in the degree of mediation This highly original account of power will be of great interest to students and scholars of philosophy and of social political and cultural theory as well as to anyone seeking to understand the many ways in which power shapes our lives today Relevance and Narrative Research Matei Chihaia, Katharina Rennhak, 2019-03-28 Relevance is one of the most widely used buzz words in academic

and other socio political discourses and institutions today which constantly ask us to be relevant To date there is no profound scholarly conceptualization of the term however which is widely accepted in the humanities Relevance and Narrative Research closes this gap by initiating a discussion which turns the vaguely defined evaluative tool relevance into an object of study The contributors to this volume do so by firmly situating questions of relevance in the context of narrative theory Briefly put they ask either What can relevance do for narrative research or What can narrative research do for better understanding relevance or both The basic assumption is that relevance is a relational term Further assuming that most if not all relations which human beings encounter within their cultures are narratively constructed the contributors to this volume suggest that reflections on narrative and narrative research are fundamental to any endeavor to conceptualize notions of relevance
