*Hunt the Space-Witch!* Robert Silverberg,2015-07-28 Space opera at its best wild and fast and furious as only Robert Silverberg could write it As a young man Robert Silverberg was a science fiction prodigy turning out top flight stories in the blink of an eye Though written quickly Silverberg s early prose already showed evidence of the literary and imaginative qualities that would make him a giant in the field In *Slaves of the Star Giants* electrician Lloyd Harkins finds himself transported from 1956 into a desolate far future Earth ruled by monstrous aliens And in the gripping title story a spacer named Barsac risks his life and sanity to free a friend from the clutches of an evil cult by joining the cult himself Filled with slam bang action and dazzling speculation these seven novellas pay eloquent homage to the Golden Age of science fiction and anticipate the groundbreaking work that has become Silverberg s legacy **Space Witch** Olga Shell,2019-10-08

**Space(s) of the Fantastic** David Punter,C. Bruna Mancini,2020-12-29 This book provides a series of new addresses to

the enduring problem of how to categorize the Fantastic The approach taken is through the lens of spatiality the Fantastic gives us new worlds although of course these are refractions of worlds already in being In place of real spaces whatever they might be the Fantastic gives us imaginary spaces although within those spaces historical and cultural conflicts are played out albeit in forms that stretch our understanding of everyday location and our usual interpretations of cause and effect Many authors are addressed here from a variety of different geographical and national traditions thus demonstrating how the Fantastic as a mode a genre a way of thinking imagining and writing continually traverses borders and boundaries We hope to move the ongoing debate about the Fantastic forward in a scholarly as well as an engaging way      **The Witch's Home**
