Nazi UFOs S.D. Tucker,2022-10-24 Nazi UFOs tells the strange tale of how following the first alleged flying saucer sightings made in the USA in 1947 a series of fantasists and neo fascists came forward to create a media myth that the Nazis may have invented these incredible craft as a means for winning the Second World War a plan which was tantalisingly close to completion before the Allies conquered Berlin in 1945 Today the fantasy of Nazi UFOs has grown into an entire mythology in books on TV and online Did Germany back engineer anti gravity craft and even a full blown time machine by stripping technology from a crashed alien saucer Did the SS secretly invent Green technology for use in their star ship engines and was this planet saving discovery later suppressed at the behest of a sinister Big Oil conspiracy Did Himmler try to develop lightning weapons for use in aerial combat By contrasting the fake military industrial pseudo histories of Nazi UFO theorists with details of real life Nazi aerospace achievements the author demonstrates both how this modern day mythology came about and how it cannot possibly be more than fractionally true For the first time this fake alternative military history is laid out in full This book features an appealing cast of con men and spies complete madmen real life Nazis and completely made up ones operating right across the globe from South America to wartime Europe and Japan A good example may be the mad professor Viktor Schauberger who actually genuinely did manage to gain a personal audience with Adolf Hitler in order to try and convince him that he had discovered and then exploited some amazing new source of natural free energy which could make objects such as saucers in the opinion of some float Hitler dismissed his plan but it does nonetheless show how close some bizarre schemes came to being implemented in Nazi Germany

UFOs and Anti-Gravity Leonard G. Cramp,1997-03 Long out of print Cramp s 1966 classic book on flying saucer propulsion and suppressed technology is available again Cramp wrote *Space Gravity and the Flying Saucer* in 1954 and was Vice President of the British UFO Research Association BUFORA This is a highly technical look at the UFO phenomenon by a trained scientist Cramp first introduces the idea of anti gravity and introduces us to the various theories of gravitation He then examines the technology necessary to build a flying saucer and examines in great detail the technical aspects of such a craft Cramp s book is a wealth of material and diagrams on flying saucers anti gravity suppressed technology G fields and UFOs
