Douglas Adams's Starship Titanic Terry Jones, 2007-12-18

In this thoroughly satisfying and completely disorienting novel based on a story line by Douglas Adams author of *The Hitchhiker's Guide to the Galaxy* Terry Jones recounts an unforgettable tale of intergalactic travel and mishap The saga of the ship that cannot possibly go wrong sparkles with wit danger and confusion that will keep readers guessing which reality they are in and how on earth to find their way out again At the center of the galaxy a vast unknown civilization is preparing for an event of epic proportions the launching of the greatest most gorgeous most technologically advanced Starship ever built the Starship Titanic An earthling would see it as a mixture of the Chrysler Building the tomb of Tutankhamen and Venice But less provincial onlookers would recognize it as the design of Leovinus the galaxy's most renowned architect He is an old man now and the creation of the Starship Titanic is the pinnacle achievement of his twenty year career The night before the launch Leovinus is prowling around the ship having a last little look With mounting alarm he begins to find things are not right unfinished workmanship cybersystems not working correctly robots colliding with doors How could this have happened And how could this have happened without his knowing Something somewhere is terribly wrong On the following day in an artificial event staged for the media the Starship Titanic will leave its construction dock under autopilot and a few days later make its way to the terminal to pick up passengers for its maiden voyage Although the ship will be deserted during its very first flight it is nevertheless a major event watched by all the galaxy's media Hugely magnificently the fabulous ship eases its way forward from the construction dock picks up speed sways a bit wobbles a bit veers wildly and just before it can do massive damage to everything around it appears to undergo SMEF Spontaneous Massive Existence Failure In just ten seconds the whole stupendous enterprise is over And our story has just begun Somehow three earthlings one Blerontin journalist a semideranged parrot and a shipful of disoriented robots must overcome their differences It's the only way to save the Starship Titanic The Ship That Cannot Possibly Go Wrong from certain destruction and rescue the economy of an entire planet not to mention to survive the latest threat an attack by a swarm of hostile shipbuilders

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
