Basic Concepts of Poetics Emil Staiger, 2010-11-01

Foucault's Askesis Edward F. McGushin, 2007-04-03 In his renowned courses at the Collège de France from 1982 to 1984 Michel Foucault devoted his lectures to meticulous readings and interpretations of the works of Plato Epictetus Seneca and Marcus Aurelius among others In this his aim was not Edward F McGushin contends to develop a new knowledge of the history of philosophy rather it was to let himself be transformed by the very activity of thinking Thus this work shows us Foucault in the last phase of his life in the act of becoming a philosopher Here we see how his encounter with ancient philosophy allowed him to experience the practice of philosophy as to paraphrase Nietzsche a way of becoming who one is the work of self formation that the Greeks called askesis Through a detailed study of Foucault's last courses McGushin demonstrates that this new way of practicing philosophical askesis evokes Foucault's ethical resistance to modern relations of power and knowledge In order to understand Foucault's later project then it is necessary to see it within the context of his earlier work If his earlier projects represented an attempt to bring to light the relations of power and knowledge that narrowed and limited freedom then this last project represents his effort to take back that freedom by redefining it in terms of care of the self Foucault always stressed that modern power functions by producing individual subjects This book shows how his excavation of ancient philosophical practices gave him the tools to counter this function with a practice of self formation an askesis
