Subnational Data Requirements For Fiscal Decentralization Case Studies From Central And Eastern Europe:

Subnational Data Requirements for Fiscal Decentralization Serdar Yilmaz,Jozsef Hegedus,Michael E.

Bell,2003-01-01 This publication has been produced as part of a capacity building programme to strengthen the ability of national statistical systems to collect subnational demographic socio economic and fiscal data This is important in the design of public policy options particularly as subnational governments in the transition economies of Central and Eastern Europe become responsible for the delivery of local services This publication contains case studies from five countries in Central and Eastern Europe that are at different stages of fiscal decentralisation covering Bulgaria Romania the Slovak Republic Slovenia and Ukraine

Intergovernmental Fiscal Relations in Central and Eastern Europe Francis J. Conway,2005 This publication contains information on intergovernmental finance issues in Central and Eastern Europe and includes electronic links to a variety of documents training and educational materials on the accompanying CD ROM The documents discuss basic concepts and principles and describe the evolution of intergovernmental finance in the countries of the region This publication has been produced by the Urban Institute on behalf of the World Bank Institute and the US Agency for International Development

Cohesion Policy and Multi-level Governance in South East Europe Ian Bache,George Andreou,2013-09-13 This book considers the extent to which EU cohesion policy and related pre accession instruments are contributing to the development of more compound polities in south east Europe and specifically promoting multi level governance In this respect there are two points of departure the first is the argument that the EU is a highly compound polity that tends to pull member and candidate states in this direction the second is the considerable literature that links EU cohesion policy to the promotion of multi level governance Following this we have chosen a range of south east European states whose period of engagement with the EU generally differs Greece Slovenia Bulgaria Romania Croatia F Y R Macedonia and Turkey The case studies reveal that EU cohesion policy has created more compound polities but that system wide multi level governance remains weak and central governments are still prominent However there are interesting and potentially important developments in relation to particular features of multi level governance not least in states whose engagement with the EU in this sphere is relatively new This book was published as a special issue of Southeast European and Black Sea Studies

Leadership and Innovation in Subnational Government Tim Campbell,Harald Fuhr,2004-01-01 This publication examines the various innovative projects on going in Latin America where fledging and developing local government policies are being introduced for reforming and improving services for the local communities whom they serve The emergence of decentralised democracies in this region of the world offers may new challenges that are dependent on building communities open to enterprise and innovation Among such innovations are popular participation service delivery privatization and personnel management Case studies of such developments are documented in this publication For outside agencies and countries providing donor finance to this region a greater awareness is required of the local policies that are being

implemented The World Bank recommends a process of participation in public choice and a fostering of greater co operation at a local level

Perspectives on Fiscal Federalism Richard Miller Bird, François Vaillancourt, 2006-01-01 This book addresses a variety of issues relating to intergovernmental finance and the provision and financing of local services including budgeting and financial management the institutional framework for the conduct of intergovernmental relations appropriate methods of service delivery in metropolitan agglomerations and remote rural areas local government enterprises user charges property taxes income and value added taxes natural resource taxes and local business taxes Throughout the authors draw on experience both in Canada and in other decentralized countries and consider to vary

Decentralization and the Provision of Public Services Aehyung Kim, Reforming Regional-local Finance in Russia Jorge Martinez-Vazquez, Andrey Timofeev, Jameson Boex, 2006-01-01 The exposition is based on an analytical framework covering all building blocks of fiscal federalism size and structure of jurisdictions expenditures revenues transfers and borrowing The application of this framework to Russian settings results in a comprehensive assessment of the state of intergovernmental fiscal relations in Russia

Historical Dictionary of the World Bank Sarah Tenney, Anne C. Salda, 2013-10-30 When it was founded back in 1944 no one could possibly have foreseen how the World Bank known more formally as the International Bank for Reconstruction and Development IBRD would flourish Today with 188 members it is by far the largest lender for projects in agriculture health infrastructure and many other fields in developing countries around the world with a budget of billions of dollars and a staff of more than 9 000 and its advice is usually heeded by both the developing countries which borrow from it and the advanced ones which contribute This second edition of the Historical Dictionary of the World Bank shows the substantial progress the Bank has made this mainly through the dictionary section with concise entries on its component institutions related organizations its achievements in various fields some of the major projects and member countries and its various presidents The introduction explains how the Bank works while the chronology traces the major events over nearly 70 years Meanwhile the list of acronyms reminds us just who the main players are And the bibliography directs readers to useful internal documentation and outside studies

Introduction to Regional Economic Development Mustafa Dinc, 2015-12-18 This is a relatively simple and easy to read introduction of major regional and local economic development theories their theoretical evolution and other relevant topics such as governance institutions and local leadership within the globalization context It also discusses some basic analytical tools and provides a template for them in an easy to use MS Excel spreadsheet application It introduces conflict management procedures into regional development process and provides a regional decision support framework

The World Bank Research Program 2004 World Bank, 2005 The World Bank s research is intended to address critical issues and problems facing member governments in developing and transition economies How can the governments of the poorest countries generate enough revenue to provide the education and health services essential to reducing poverty and promoting growth and development How can poor countries attract investors to

build the infrastructure their economies need How can they develop systems to bring clean water to the 2 billion people without it today How can they train teachers and bring to class the 115 million children who have not yet received any education And how can rich countries be persuaded to lower market barriers helping to reverse the decline in export prices for poor countries that has left them earning less from trade today than in the 1970s These are the types of questions that are addressed in this edition of The World Bank Research Program Abstracts from Current Studies This volume reports on research projects initiated under way or completed from July 2003 through June 2004 It covers 151 research projects on several broad development related issues including agriculture health education environment infrastructure investment climate and more The abstract for each project describes the questions addressed the analytic methods used the findings to date and policy implications
