Substance Abuse Introduction To Theory And Practice:

Substance Abuse Stan E. Dekoven, M. A. King, 2000-10-01 The complex topic of substance abuse and addiction is discussed here and the different theories regarding the categories of addiction and the various treatments available Included are both the secular clinical and spiritual paradigms used to deal with what many feel is a runaway epidemic around the world

Theory and Practice of Addiction Counseling Pamela S. Lassiter, John R. Culbreth, 2017-03-07 Theory and Practice of Addiction Counseling by Pamela S Lassiter and John R Culbreth brings together contemporary theories of addiction and helps readers connect those theories to practice using a common multicultural case study Theories covered include motivational interviewing moral theory developmental theory cognitive behavioral theories attachment theory and sociological theory Each chapter focuses on a single theory describing its basic tenets philosophical underpinnings key concepts and strengths and weaknesses Each chapter also shows how practitioners using the theory would respond to a common case study giving readers the opportunity to compare how the different theoretical approaches are applied to client situations A final chapter discusses approaches to relapse prevention

Handbook of Drug Abuse Prevention Zili Sloboda, William J. Bukoski, 2007-08-06 There are a number of reasons why this book is important First there is no one source that summarizes what we know about the prevention of substance abuse from the research field so the book serves as a repository of accumulated knowledge on prevention theory intervention design and development and prevention research methodology Second as an evolving field prevention science has only begun to assert itself in both the arenas of practice and policy The formation of the Society for Prevention Research in 1991 was the first recognition that a science of prevention existed and required a separate forum to present the rapidly growing content of the field for discussion and review Finally there is a need to establish a baseline a reference point against which progress in the field of prevention science can be assessed This book serves all of these purposes The idea for this book grew from the observation in the early 1990s that after decades of attempts to develop effective interventions to prevent drug use among children and adolescents in the United States that we were finally having success particularly in addressing the initiation of use These successes are the result of research that has provided a better understanding of the factors and processes associated with the onset of substance use

Empowerment Evaluation David M. Fetterman, Shakeh J. Kaftarian, Abraham Wandersman, 1996 Empowerment evaluation a method for using evaluation concepts techniques and findings to foster improvement and self determination is the focus of this book After an examination of the method as it has been adopted in academic and foundation settings the book looks at the various contexts in which empowerment evaluation is conducted ranging from resistant environments to responsive environments Critical concerns in empowerment evaluation such as the role of empowerment theory and multiple levels of empowerment from individual to societal are then discussed The book also provides tools and technical assistance needed to conduct empowerment evaluation The concluding section of the book serves to strengthen the links between empow
