Substances And Things Aristotles Doctrine Of Physical Substance In Recent Essays

John F. Wippel

Substances And Things Aristotles Doctrine Of Physical Substance In Recent Essays:

Substances and Things Mary Louise O'Hara,1982 **Aristotle's Theory of Actuality** Z. Bechler,1995-01-01 This is an attack on Aristotle showing that his misplaced drive toward the consistent application of his actualistic ontology denying the reality of all potential things resulted in many of his major theses being essentially vacuous **Substance, Form, and Psyche** Montgomery Furth,2007-03-26 This book is a re thinking of Aristotle s metaphysical theory of material substances The view of the author is that the substances are the living things the organisms chiefly the animals There are three main parts to the book Part I a treatment of the concepts of substance and nonsubstance in Aristotle s Categories Part III which discusses some important features of biological objects as Aristotelian substances as analysed in Aristotle s biological treatises and the de Anima and Part V which attempts to relate the conception of substance as interpreted so far to that of the Metaphysics itself The main aim of the study is to recreate in modern imagination a vivid intuitive understanding of Aristotle s concept of material substance a certain distinctive concept of what an individual material object is Reforming Theological Anthropology F. LeRon Shults,2003-02-20 With the profound changes in today s intellectual and scientific landscape traditional ways of speaking about human nature sin and the image of God have lost their explanatory power In this volume F LeRon Shults explores the challenges to and opportunities for rethinking current religious views of humankind in contemporary Western culture From philosophy to theology from physics to psychology we find a turn to the categories of relationality Shults briefly traces this history from Aristotle to Levinas showing its impact on the Christian doctrine of anthropology and he argues that the biblical understanding of humanity has much to contribute to today s dialogue on persons and on human becoming in relation to God and others Shults s work stands as a potent effort to reform theological anthropology in a way that restores its relevance to contemporary interpretations of the world and our place in it **The Cambridge Companion to Aristotle** Jonathan Barnes,1995-01-27 The most accessible and comprehensive guide to Aristotle currently available **Personal Identity, the Self, and Ethics** F. Santos,Santiago Sia,2007-08-16 Going beyond the controversy surrounding personhood in non philosophical contexts this book defends the need for a credible philosophical conception of the person Engaging with John Locke Derek Parfit and P F Strawson the authors develop an original philosophical anthropology based on the work of Charles Hartshorne and A N Whitehead **The Metaphysics of Dante's Comedy** Christian Moevs,2008-10-13 The recovery of Dante s metaphysics which are very different from our own is essential argues Christian Moevs if we are to resolve what has been called the central problem in the interpretation of the Comedy That problem is what to make of the Comedy s claim to the status of revelation vision or experiential record as something more than imaginative literature In this book Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the Comedy and the relation between those metaphysics and Dante s poetics Moevs arrives at the radical conclusion that Dante believed that all of what we perceive as reality the spatio temporal world is in fact a creation or

projection of conscious being Armed with this new understanding Moevs is able to shed light on a series of perennial issues in the interpretation of the Comedy *Aristotle's Metaphysics* Roberto Radice, Richard Davies, 2023-03-27 The authors collaborated with 50 scholars from around the world to produce an exhaustive annotated bibliography on the central work of the Aristotelian corpus It brings together signed descriptions of more than 3200 books and articles as well as several thousand reviews and notes originally published in English Italian German French Spanish and Russian Descriptions are fully cross referenced to one another The first Italian edition Vita e Pensiero Milan 1996 has been thoroughly revised corrected and updated and is complemented by an index of the most important loci Aristotelici **The Metaphysical Thought of Thomas Aquinas** John F. Wippel, 2000 Written by a highly respected scholar of Thomas Aquinas s writings this volume offers a comprehensive presentation of Aquinas s metaphysical thought It is based on a thorough examination of his texts organized according to the philosophical order as he himself describes it rather than according to the theological order In the introduction and opening chapter John F Wippel examines Aquinas s view on the nature of metaphysics as a philosophical science and the relationship of its subject to divine being Part One is devoted to his metaphysical analysis of finite being It considers his views on the problem of the One and the Many in the order of being and includes his debt to Parmenides in formulating this problem and his application of analogy to finite being Subsequent chapters are devoted to participation in being the composition of essence and esse in finite beings and his appeal to a kind of relative nonbeing in resolving the problem of the One and the Many Part Two concentrates on Aquinas s views on the essential structure of finite being and treats substance accident composition and related issues including among others the relationship between the soul and its powers and unicity of substantial form It then considers his understanding of matter form composition of corporeal beings and their individuation Part Three explores Aquinas s philosophical discussion of divine being his denial that God s existence is self evident and his presentation of arguments for the existence of God first in earlier writings and then in the Five Ways of his *Summa theologiae* A separate chapter is devoted to his views on quidditative and analogical knowledge of God The concluding chapter revisits certain issues concerning finite being under the assumption that God s existence has now been established John F Wippel professor of philosophy at The Catholic University of America was recently awarded the prestigious Aquinas Medal by the American Catholic Philosophical Association In addition to numerous articles and papers Wippel has coauthored or edited several other works including *Metaphysical Themes in Thomas Aquinas* and *The Metaphysical Thought of Godfrey of Fontaines* both published by CUA Press PRAISE FOR THE BOOK The quality of Wippel s historical research and interpretation and the detail of his argumentation make this a work that will have to be taken account of in any further studies of this topic John Boler International Studies in Philosophy A carefully and solidly argued presentation of Aquinas s metaphysics by a scholar of medieval philosophy and a superb metaphysician It should stand on the library shelf of every student of medieval philosophy sharing the stage with Wippel s other dependable works Prof Stephen F

Brown Boston College In Wippel we have a master of medieval metaphysics who is at the height of his powers and who can bring to bear on this work of interpretation years of study not only of Aquinas but also of the whole context of medieval metaphysics in which Aquinas thought and wrote The result is a monumental work which will quickly become the definitive work on Aquinas s metaphysics Prof Eleonore Stump St Louis University Wippel proposes to set forth Thomas Aquinas s metaphysical thought based on his own texts in accord with the philosophical order This is a bold even audacious proposal but one that Wippel succeeds in realizing thanks to his expansive and detailed knowledge of a field in which he has worked for more than twenty years He has total command not only of the works of Thomas of his sources and of his earliest commentators but also of the secondary literature of this century in English Italian French German and Spanish Gregorianum A positively magisterial account of its subject Stations on the Journey of Inquiry Mary Budde Ragan, 2017-03-23 In this collection Stations on the Journey of Inquiry David Burrell launches a revolutionary reinterpretation of how any inquiry proceeds boldly critiquing presumptuous theories of knowledge language and ethics While his later publications Analogy and Philosophical Language 1973 and Aquinas God and Action 1979 elucidate Aquinas s linguistic theology these early writings show what often escapes articulation how one comes to understanding and takes a judgment Although Aquinas serves as an axial figure for Burrell s expansive corpus of scholarship spanning more than fifty years this selection of essays presents other positions and counterpositions to whom his own philosophical theology is beholden Plato Aristotle Cajetan Kant Peirce Moore Wittgenstein Sellars Weiss Ross McInerney and Lonergan With renewed interest in philosophy of language by postmodern thinkers as well as in the wake of Mulhall s Stanton Lectures on Wittgenstein and Grammatical Thomism the publication of these formative writings proves timely for the academy at large Burrell invites us to reconsider not only the way in which we conduct an inquiry but what it is we take language to be and how we take responsibility for what we say

Enjoying the Beat of Appearance: An Psychological Symphony within **Substances And Things Aristotles Doctrine Of Physical Substance In Recent Essays**

In some sort of consumed by displays and the ceaseless chatter of instant connection, the melodic splendor and psychological symphony produced by the published term usually diminish into the back ground, eclipsed by the relentless sound and disruptions that permeate our lives. However, set within the pages of **Substances And Things Aristotles Doctrine Of Physical Substance In Recent Essays** a charming literary value brimming with natural thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this charming masterpiece conducts visitors on an emotional trip, skillfully unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths with this moving review, we can discover the book is key harmonies, analyze its enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
