Successful Chess:

The Greatest Attacker in Chess Cyrus Lakdawala, 2022-01-22 Rashid Nezhmetdinov 1912-1974 played fearless attacking chess. With his dazzling style, the Soviet master already was a legend during his lifetime, but international fame largely eluded him. Only once did he get permission to show his exceptional talent in a tournament abroad. Five times Nezhmetdinov was chess champion of the Russian Federation. In the 1961 Soviet Championship, he won the Best Game prize for a spectacular win against Mikhail Tal, who praised his opponent for his amazing creativity. Other stars that Nezh defeated in grand style included Spassky, Polugaevsky, Bronstein, and Geller. His games, full of tactical pyrotechnics, are his legacy and have reached an ever-growing audience. Nezhmetdinov's shocking strategic queen sacrifice in 1962 against Chernikov, as shown on Agadmator's YouTube channel, has become the best watched chess video of all time with millions of views. In this book, Cyrus Lakdawala pays tribute to the genius of the enigmatic Nezhmetdinov, a Tatar who grew up as an orphan in the part of the Soviet Union that is now Kazakhstan. In more than one hundred impressive and instructive games and positions, Lakdawala shows how Nezhmetdinov fought for the initiative, how he bluffed and sacrificed, and how he kept his cool to outcalculate his opponents. Lakdawala's lucid writing perfectly matches the power of Nezh's moves. This wonderful collection celebrates Nezhmetdinov as the Greatest Attacker in Chess.

Chess Strategy for Winners: Unleash Your Winning Potential Pasquale De Marco, 2025-07-12 In a world filled with strategy, tactics, and the thrill of victory, Chess for Winners: Unleash Your Winning Potential stands as your guide to becoming a successful chess player. This comprehensive book is crafted for players of all levels, from those just beginning their journey in the world of chess to seasoned players seeking to refine their skills and elevate their game to new heights. Within these pages, you will embark on an in-depth exploration of the core principles of chess strategy, the art of attack and defense, and the techniques for creating and capitalizing on opportunities. Discover the intricacies of the opening, the dynamics of the middle game, and the strategies for achieving a winning position in the endgame. With each chapter, you will gain a deeper understanding of the game, learning how to control the center, develop your pieces, and plan for the long term. You will also uncover the principles of maneuvering pieces, calculating variations, and exploiting weaknesses in your opponent's positions. The book is enriched with clear and concise explanations, diagrams to illustrate key concepts, and practical exercises to reinforce your understanding. You will find everything you need to elevate your play and become a more strategic and confident player. Whether you're a casual player looking to improve your skills or an aspiring tournament champion, Chess for Winners offers a structured and accessible path to take your chess game to the next level. Prepare to unleash your winning potential and experience the excitement of every move like never before. If you like this book, write a review.
