Strategic Military Surprise Klaus Eugen Knorr,Patrick M. Morgan, Glubb Pasha and the Arab Legion Graham Jevon,2017-04-27 This study uses the private papers of Glubb Pasha to rethink the end of Britain s imperial presence in the Middle East Knowing Your Friends Martin S. Alexander,2013-01-11 Little attention has been paid to the murky ultra business of gathering intelligence among and forming estimates about friendly powers and friendly or allied military forces How rarely have scholars troubled to discover when states entered into coalitions or alliances mainly and explicitly because their intelligence evaluation of the potential partner concluded that making the alliance was from the originator s national security interest the best game in town The twentieth century has been chosen to enhance the coherence of and connections between the subject matter of this under explored part of intelligence studies **The Iron Wall** Avi Shlaim,2015-07-30 Avi Shlaim s *The Iron Wall* Israel and the Arab World is the outstanding book on Israeli foreign policy now thoroughly updated with a new preface and chapters on Israel s most recent leaders In the 1920s hard line Zionists developed the doctrine of the Iron Wall negotiations with the Arabs must always be from a position of military strength and only when sufficiently strong Israel would be able to make peace with her Arab neighbours This doctrine argues Avi Shlaim became central to Israeli policy dissenters were marginalized and many opportunities to reconcile with Palestinian Arabs were lost Drawing on a great deal of new material and interviews with many key participants Shlaim places Israel s political and military actions under and uncompromising lens His analysis will bring scant comfort to partisans on both sides but it will be required reading for anyone interested in this fascinating and troubled region of the world *The Iron Wall* is strikingly fair minded scholarly cogently reasoned and makes enthralling reading Philip Ziegler Daily Telegraph Anyone wanting to understand the modern Middle East should start by reading this elegantly written and scrupulously researched book Trevor Royle Sunday Herald A milestone in modern scholarship of the Middle East Edward Said Fascinating Shlaim presents compelling evidence for a revaluation of traditional Israeli history Ethan Bronner The New York Times Book Review Avi Shlaim is Professor of International Relations at St Antony s College Oxford His previous books include *Collusion Across the Jordan* 1988 and *War and Peace in the Middle East* 1995 **Egypt 1945-1990** Derek Hopwood,2002-03-11 The second edition of this lucid and accessible work rapidly established itself as a textbook for universities and colleges This new edition brings it further up to date and places the achievements and failures of President Mubarak in context The new material includes an examination of Egypt s role in the Gulf Crisis The book is divided by topic and areas covered include The political ideologies of Presidents Nasser and Sadat The economic problems facing the nation The role of Islam in politics and in society Egyptian culture and literature **The Quest for Hegemony in the Arab World** Elie Podeh,1995 This study offers us a fascinating survey of the struggle for Arab hegemony between Iraq and Egypt as portrayed by the events surrounding the question of Middle Eastern

defence 1945-58 and accentuated by the struggle over the Baghdad Pact *Pearson's Peacekeepers* Michael K. Carroll, 2010-01-01 In 1957 Lester Pearson won the Nobel Peace Prize for creating the United Nations Emergency Force during the Suez crisis. The award launched Canada's enthusiasm and reputation for peacekeeping. *Pearson's Peacekeepers* explores the reality behind the rhetoric by offering a detailed account of the UNEF's decade-long effort to keep peace along the Egyptian-Israeli border. While the operation was a tremendous achievement, the UNEF also encountered formidable challenges and problems. This nuanced account of Canada's participation in the UNEF challenges perceived notions of Canadian identity and history and will help Canadians to accurately evaluate international peacekeeping efforts today.
