Suffering And The Remedy Of Art:

Suffering and the Remedy of Art Harold Schweizer, 1997-03-20 This book suggests that a listening to suffering may profit from a literary hearing and vice versa It is not only that literature tells of suffering but that suffering may tell us something about the nature of literature The author examines works and texts that range from medicine to literature philosophy to photography prose to poetry and from Antigone to W H Auden The book presents individual instances real and literary of physical and mental wounds and diseases of pain and death endured by a little girl in a burn ward a boy wounded in the war in Bosnia a nameless Vietnamese woman Job Antigone as well as a number of mostly lyrical elegists a survivor of the holocaust a wife bereft of her husband a daughter bereft of her father The autonomy of each chapter suggests that experiences of suffering are always incomparable One must in every instance begin again and enter the scene of suffering on its own terms the radically individual nature of suffering is prior or past to any theory or set of generalizations **Suffering**

and the Remedy of Art Harold Schweizer, 1997-01-01 This book suggests that a listening to suffering may profit from a literary hearing and vice versa It is not only that literature tells of suffering but that suffering may tell us something about the nature of literature The Dynamics of Cultural Counterpoint in Asian Studies David Jones, Michele Marion, 2014-03-01

What does healing mean for people who have chronic illnesses without a known cure Gut Feelings shows readers a new way to explore the problem of suffering seeking answers in sociology philosophy and theology Catherine Garrett's autobiographical narrative links physical emotional and spiritual experience with intellectual discovery It is written for people in pain and for all who hope to alleviate suffering As a profound meditation on life with illness this book shows that academic and personal wisdom offered in the form of stories can make

healing itself more widely accessible **Theatre and the Israel-Palestine Conflict** Azza Harras, 2025-02-20 This book delves into the complex narratives surrounding the ongoing Israeli Palestinian dispute through the unique lens of theatre. This ground breaking exploration employs postcolonial theory to analyze a diverse array of theatrical works by Israeli Palestinian and Western playwrights. By juxtaposing portrayals of significant events such as the Nakba or the Israeli War of Independence the Intifadas and the experiences of diaspora and exile Harras provides a nuanced examination of how these events are represented on stage. The book reveals the profound impact of language in constructing and contesting historical narratives and underscores theatre's role as a space for cultural critique and self reflection. This comprehensive study offers new insights into the power of artistic expression to challenge historical dichotomies and encourage a deeper understanding of this enduring conflict. Essential for scholars of Postcolonial Studies Middle East Studies and the Performing Arts this work invites readers to reconsider the conflict through the transformative lens of theatre *Through the Dark Field* Susie Paulik Babka, 2017-01-13 Theological discourse in the West has consistently valued the word over the image. Aesthetics, which discerns the criteria and value of the beautiful and what pleases the senses, is the discipline that prioritizes sensual intelligence over the rational. This book advocates a reconsideration of the doctrine of the incarnation through an aesthetics of vulnerability in which the ethical optics of attention to the vulnerable other becomes the standpoint in which to ponder the significance of God became human. Relying on such diverse thinkers as Emmanuel Levinas, Maurice Blanchot, Karl Rahner, and Masao Abe, Susie Paulik Babka explores visual art, images, and poetry as theological sources designating what Blanchot called a region where impossibility is no longer deprivation but affirmation *The sufferings of our Lord and Saviour Jesus Christ*, 1857 **Nietzsche's Gay Science** M. Langer, 2010-08-17 A step by step illumination of the intricacy, logic, and importance of one of Nietzsche's richest and most complex works. In a clear and accessible manner, the author explains the interconnectedness of *The Gay Science*'s seemingly unrelated sections. Throughout, she provides critical commentary, background information, and translation corrections **An Artist Empowered: Define and Establish Your Value as an Artist** Edén Maxwell, 2007-06-16 Edén Maxwell is a brilliant and passionate artist who has explored, challenged, and mastered every facet of the creative process, from the trenches to the mountaintops. It's all here: a powerful and pragmatic textbook for artists of every age and stage of development; a virtual how-to for creators embarking on the spiritual voyage of a lifetime.
