McLeod-Harrison, 2009-11-10 A vigorous defence of a radical ontological pluralism that requires theism and is consistent with traditional Christianity **Life** John Ames Mitchell, 1928 **The Immersive Worlds Handbook** Scott Lukas, 2012-10-12 Scott Lukas famed industry expert on designing themed spaces brings you a book that focuses on the imaginative world of themed immersive and consumer spaces Whether or not you are involved in designing a theme park cultural museum shop or other entertainment space you will benefit from the insider tips experiences and techniques highlighted in this practical guide Make your themed spaces come to life and become true immersive worlds The book features informative sidebars addressing possible design issues and current trends case studies and interviews with real world designers and further reading suggestions The book also includes a companion website as well as exercises that accompany each chapter lavish photos illustrations and tables
