to Z of the Knights Templar Gordon Napier,2011-10-24 The Knights Templar was the foremost Military Order of the Crusades In about 1118 these warrior monks were appointed custodians of Temple Mount and defenders of Christian pilgrims in the Holy Land Endorsed by the Catholic Church in 1129 the Order became a favoured cause across Europe Templar knights distinguished by their white mantles with red crosses constituted some of the most disciplined and efficient fighting units in successive crusades The expanding Order acquired extensive estates in the West and served as financiers and advisors to the great and good In the East the Templars garrisoned cities and castles helping to sustain the Frankish presence in the Orient for almost two centuries Support for the Order faded after the final loss of the Holy Land King Philip IV of France seizing on the Templar s habitual secrecy plotted their destruction and confiscation of their assets Bending the Papacy to his will he secured the arrest and trial of Templars throughout Christendom on grounds of heresy and diabolical corruption In France the Inquisition extracted damning confessions from the arrested brethren In 1312 under continuing pressure from the Philip Pope Clement V formally disbanded the Order Two years later the last Grand Master was burned alive in Paris after renouncing his confession The Order s suppression amid such sinister circumstances gave rise to myth and speculation which keeps the Templar name alive to this day This highly readable and informative A Z guide is an invaluable reference to the places people and themes of the Crusades the Knights Templars and their legacy **The**

California Pilgrimage of Boston Commandery Knights Templars, August 4-September 4, 1883 Oliver Ayer Roberts,1884 **God's Heretics** Aubrey Burl,2005-08-25 This title provides a vivid account of the way the Crusade and its legacy turned and twisted for over a hundred years It focuses on the personalities on sides their motivations and objectives creating for the modern reader an overwhelming impression of the powerful beliefs that drove persecutor and victim **A**

Brief History of the Knights Templar Helen Nicholson,2014-03-07 Much has been written about the Knights Templar in recent years A leading specialist in the history of this legendary medieval order now writes a full account of the Knights of the Order of the Temple of Solomon to give them their full title bringing the latest findings to a general audience Putting many of the myths finally to rest Nicholson recounts a new history of these storm troopers of the papacy founded during the crusades but who got so rich and influential that they challenged the power of kings The Templars Dan Jones,2018-09-18 An instant New York Times bestseller from the author of Crusaders that finally tells the real story of the Knights Templar Seldom does one find serious scholarship so easy to read The Times Book of the Year A faltering war in the middle east A

band of elite warriors determined to fight to the death to protect Christianity's holiest sites A global financial network unaccountable to any government A sinister plot founded on a web of lies In 1119 a small band of knights seeking a purpose in the violent aftermath of the First Crusade set up a new religious order in Jerusalem which was now in Christian hands These were the first Knights Templar elite warriors who swore vows of poverty and chastity and promised to protect Christian pilgrims to the Holy Land Over the next 200 years the Templars would become the most powerful network of the medieval world spearheading the crusades pioneering new forms of finance and warfare and deciding the fate of kings Then on October 13 1307 hundreds of brothers were arrested imprisoned and tortured and the order was disbanded among lurid accusations of sexual misconduct and heresy But were they heretics or victims of a ruthlessly repressive state Dan Jones goes back to the sources to bring their dramatic tale so relevant to our own times to life in a book that is at once authoritative and compulsively readable Knights Templar in Britain Evelyn Lord, 2013-12-19 The Knights Templar In Britain examines exactly who became knights what rituals sustained them where the power bases were and how their tentacles spread through the political and economic worlds of Britain before their defeat at the hands of the Inquisition some two hundred years later Founded in the early twelfth century the mysterious Knights Templar rose to be the most powerful military order of the Middle Ages While their campaign in the Middle East and travels are well known their huge influence across the British isles remains virtually uncharted For readers interested in Medieval History The Templars Geordie Torr, 2020-04-03 Shrouded in myth and conspiracy the history of the Knights Templar is little understood Geordie Torr pulls fact from fiction revealing the astonishing tale of this military religious order that dominated the politics of the medieval Middle East Initially created to protect Christian pilgrims to the Holy Land in the wake of the First Crusade the Templars soon became an institution of incredible power possessing wealth and influence throughout the courts of Europe Yet just two centuries later they dramatically fell as its members were accused of heresy and burned at the stake Set against the dramatic backdrop of the wars between Christians and Muslims this illustrated book brings to life the legacy of this secretive order and the characters who defined the era
