Temporum Fine Comoedie Libretto:

The German Opera Libretto Since 1945 Karen Renée Bansbach, 1975 *1810 Overture*, 1980 *Operas in German: A Dictionary* Margaret Ross Griffel, 2018-01-23 With nearly three thousand new entries the revised edition of *Operas in German* A Dictionary is the most current encyclopedic treatment of operas written specifically to a German text from the seventeenth century through 2016 Musicologist Margaret Ross Griffel details the operas composers scores librettos first performances and bibliographic sources Four appendixes then list composers librettists authors whose works inspired or were adapted for the opera librettos and a chronological listing of the entries in the A Z section The bibliography details other dictionaries and encyclopedias performance studies collections of plot summaries general studies on operas sources on locales where opera premieres took place works on the history of operas in German and selective volumes on individual opera composers librettists producers directors and designers Finally two indexes list the main characters in each opera and the names of singers conductors producers composers directors choreographers and arrangers The revised edition of *Operas in German* provides opera historians musicologists performers and opera lovers with an invaluable resource for continued study and enjoyment **European Music Catalogue**, 1974 **The Hutchinson Concise Dictionary of Music** Barrie

Jones, 2014-06-03 The Hutchinson Concise Dictionary of Music in 7 500 entries retains the breadth of coverage clarity and accessibility of the highly acclaimed Hutchinson Encyclopedia of Music from which it is derived Tracing its lineage to the Everyman Dictionary of Music now out of print it boasts a distinguished heritage of the finest musical scholarship This book provides comprehensive coverage of theoretical and technical music terminology embracing the many genres and forms of classical music clearly illustrated with examples It also provides core information on composers and comprehensive lists of works from the earliest exponents of polyphony to present day composers **Music, Books on Music, and Sound**

Recordings Library of Congress, 1988 **National Union Catalog**, 1983 [Catullus in Twentieth-Century Music](#) Stephanie Oade, 2024-08-24 One of the most famous voices to have survived from the Roman world Catullus s poetry is still amongst the most popular and widely read But what is it that makes this 2 000 year old voice so relevant so personal and so endlessly fascinating Reinvigorating discussions around the nature of Catullus s lyricism Catullus in Twentieth Century Music takes a completely new approach to Catullus and ideas of lyric It centres around four musical works from the twentieth century each one capturing the essence of Catullus in musical retellings and showcasing a very personal response to the original text Considering how and why these musical composers used Catullus s poetry as their stimulus allows us to uncover new ideas about Catullus s poetry By considering the very process of reception Stephanie Oade takes a broader view of lyric identifying traits and characteristics that are common to both music and poetry thus transcending the boundaries of individual art forms in order to consider the genre in larger interdisciplinary terms It offers insights into compositional processes and challenges audiences to think about ways of engaging with music and poetry More than anything it shows how

ancient voices continue to resound in modernity and offer everlasting expression for our own experiences and emotions
