Ten Essential Texts In The Philosophy Of Religion Classics And Contemporary Issues:

Ten Essential Texts in the Philosophy of Religion Steven M. Cahn, 2005 Includes selections from Plato Boethius Anselm Thomas Aquinas David Hume Kierkegaard William James Anthony Flew accompanied by modern essays **Pragmatism and the Philosophy of Religion** Michael R. Slater, 2014-08-14 In this book Michael R Slater provides a new assessment of pragmatist views in the philosophy of religion Focusing on the tension between naturalist and anti naturalist versions of pragmatism he argues that the anti naturalist religious views of philosophers such as William James and Charles Peirce provide a powerful alternative to the naturalism and secularism of later pragmatists such as John Dewey and Richard Rorty Slater first examines the writings of the classical pragmatists James Peirce and Dewey and argues for the relevance of their views for thinking about such topics as the nature of religion and the viability of natural theology His final three chapters engage with the religious views of later pragmatists such as Rorty and Philip Kitcher and with current philosophical debates over metaphysical realism naturalism and evidentialism His book will be of particular interest to philosophers of religion theologians and specialists in American philosophy **The Philosophy and Natural Theology of Religion** Anthony Walsh, 2024-05-28 This book is about the philosophy of religion with strong scientific content from a theistic perspective It looks at the origin and evolution of the religious impulse with an emphasis on Plato and Aristotle After looking at philosophical ontological and cosmological arguments for God s existence four chapters look at the religious significance of the Big Bang abiogenesis the complexity of DNA and evolution It draws on social science and historical data in the evaluation of the atheistic alternative to theism as well as the multiverse explanation as an alternative to the incredible fine tuning parameters of our universe The final chapters take on significant theological issues such as the nature of sacred writings the problem of evil hell versus universal salvation miracles natural theology the resurrection and the Shroud of Turin **The Analects** Erin M. Cline, 2022 The Analects Lunyu is the earliest and most influential record of the teachings of Kongzi 551 479 B C E known to most Westerners as Confucius If we measure influence according to the number of people who have lived their lives according to the teachings of a particular text there is a good argument to be made that the Analects has been the most influential text in the world This book argues that we have good reasons to study the Analects as a sacred text and that doing so sheds light not only on the text and the Confucian tradition but on what the sacred is more broadly It begins by examining what it means for a text to be regarded as sacred in relation to the unique history of this remarkably influential book and goes on to offer a close study of the Analects including its structure its composition and compilation and the purpose it has served in the Confucian tradition as the earliest and most authoritative record of Kongzi s teachings and conduct The book further considers the history of the Analects as the most authoritative collection of Confucian teachings which virtually all major Confucians as well as Chinese thinkers throughout history from the Mohist Daoist and Buddhist traditions responded This book explores the text situating its teachings in relation to the religious practices of its time

including Zhou rituals and customs known as li and the veneration of ancestor and nature spirits and discusses the Analects use and reception both in the periods following its composition and compilation and throughout China's imperial history up through the modern era including the recent revival of activity in Confucian temples *William James on Ethics and Faith* Michael R. Slater, 2009-09-10 A new interpretation of James's ethical and religious thought focusing on the prominent role these views played in his philosophy *Philosophical Debates* Steven M. Cahn, 2021-05-04 This volume completes a trilogy of Steven M Cahn's shorter writings that includes *The Road Traveled and Other Essays* 2019 and *A Philosopher's Journey* 2020 Included here are his contributions to three philosophical debates first whether events are fated to occur second whether God is knowable and third whether morality can conflict with happiness The book contains not only Cahn's essays but also edited versions of the writings to which he is responding thereby putting his remarks into context and rendering them accessible to all These pieces make clear why Professor Cahn is regarded as one of the leading philosophy teachers of his generation *Proceedings and Addresses of the American Philosophical Association* American Philosophical Association, 2005 List of members in v 1 *The Voice of Public Theology* Ted Peters, 2022-11-07 Public theologians are already thundering like prophets at climate change and racial injustice But the gale force winds of natural science blow through society as well The public theologian should be on storm watch **From Student to Scholar** Steven M. Cahn, 2024-05-10 This expanded edition of a celebrated book by philosopher and educator Steven M Cahn offers sound advice on building a successful academic career He explains how to plan complete and defend a dissertation how to handle interviews for academic positions how to improve your teaching how to prepare and publish research how to develop a professional network and how to garner support for earning tenure Whether you are considering enrolling in graduate school seeking an academic position or balancing the demands of a professorial career you will find valuable guidance in Cahn's insightful account of the ways of academia **A Teacher's Life** Robert B. Talisse, Maureen Eckert, 2021-08-24 Steven M Cahn belongs to that exclusive class of professors who have not only contributed influentially to the leading debates of their discipline but have also written insightfully about the academic vocation itself This volume comprises thirteen essays authored by Cahn's colleagues and former students presented in his honor on the occasion of his twenty fifth year as professor of philosophy at the City University of New York Graduate Center The essays focus on topics that have been central to Cahn's philosophical work such as the teaching of philosophy the responsibilities of philosophy professors the nature of happiness and the concept of the good life CONTRIBUTORS Norman Bowie Steven M Cahn Randall Curren Maureen Eckert Alan Goldman Tziporah Kasachkoff Peter Markie John O Connor David Rosenthal David Shatz George Sher Robert Simon Douglas Stalker Robert B Talisse Christine Vitano
