The Vale of Soulmaking Meg Harris Williams, 2018-03-29 The post Kleinian model of the mind as developed by W R Bion and Donald Meltzer is essentially an aesthetic one It is founded on Melanie Klein's discovery of the internal object with its combined masculine and feminine qualities and ambiguous awe inspiring nature Turbulent emotional experiences are

repeatedly transformed through symbol formation on the basis of the internal relationship between the infant self and its object and the aesthetic containment provided by this counter transference dream as Meltzer put it enables the mind to digest its conflicts and develop This search for a pattern that can make contrary emotions thinkable is modelled by all art forms and accounts for their universal significance It is a process that can be observed particularly clearly in literature in the form of the romance between the poet and his Muse the traditional formulation of the psycho analytic internal object

Carl Jung and Maximus the Confessor on Psychic Development G. C. Tympas, 2014-03-26 In what ways does psychological development differ from spiritual development and psychological experience from spiritual experience Bringing together two disparate theories under a trans disciplinary framework G C Tympas presents a comparison of Carl Jung s theory of psychic development and Maximus the Confessor s model of spiritual progress An evolutionary relationship between the psychological and the spiritual is proposed for a dynamic interpretation of spiritual experience Carl Jung and Maximus the Confessor on Psychic Development offers a creative synthesis of elements and directions from both theories and further explores Jung s views on religion in a dialogue with Maximus concepts The different directions and goals of Jung s and Maximus models Jung s Answer to Job in relation to Maximus theory of final restoration Tympas argues that a synthesis of Jung s and Maximus models comprises a broader trans disciplinary paradigm of development which can serve as a pluralistic framework for considering the composite psycho spiritual development Constructively combining strands of differing disciplines this book will appeal to those looking to explore the dialogue between analytical psychology early Christian theology and Greek philosophy Dual Realities Ruth Archer, 2018-07-03 Little has been written about psychotherapy with
