Ten Tales Tall And True:

Ten Tales Tall and True Alasdair Gray, 2014-09-06 An original and brilliantly eccentric collection of stories from the legendary Scottish author A lecturer cornered in an embarrassing m n ge trois a Glaswegian Cinderella and an extremely talkative dentist all feature in this dazzlingly original collection of tall tales from Alasdair Gray award winning author of Lanark Poor Things and The Book of Prefaces Bringing together social realism sexual comedy science fiction and satire Ten Tales Tall and True proves that truth is indeed much stranger than fiction _____ Gray is a true original a twentieth century William Blake OBSERVER The greatest Scottish novelist since Sir Walter Scott ANTHONY BURGESS One of the most gifted writers to have put pen to paper in the English language IRVINE WELSH **Metaphors of Confinement** Monika Fludernik, 2019 Metaphors of Confinement The Prison in Fact Fiction and Fantasy offers a historical survey of imaginings of the prison as expressed in carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods **Irregularities in Modern English** Hans Frede Nielsen, 2007-01-01 This book is innovative when compared to the first edition in that it reverses the history of the English language It takes present day English as its point of departure and gives historical explanations only in so far as they illustrate modern forms The book does not presuppose a reading knowledge of Old and Middle English but provides students with ready answers to questions they may have concerning modern irregularities Dutch and German examples and parallels which might shed light on English forms and developments have also been included Comparisons not only heighten linguistic awareness on the part of the reader but also to show what exactly happened in closely related languages **Scotland's Books** Robert Crawford, 2009-01-30 From Treasure Island to Trainspotting Scotland's rich literary tradition has influenced writing across centuries and cultures far beyond its borders Here for the first time is a single volume presenting the glories of fifteen centuries of Scottish literature In Scotland's Books the much loved

poet Robert Crawford tells the story of Scottish imaginative writing and its relationship to the country's history. Stretching from the medieval masterpieces of St Columba's Iona, the earliest surviving Scottish work, to the energetic world of twenty-first century writing by authors such as Ali Smith and James Kelman, this outstanding account traces the development of literature in Scotland and explores the cultural, linguistic and literary heritage of the nation. It includes extracts from the writing discussed to give a flavor of the original work and its new research ranges from specially made translations of ancient poems to previously unpublished material from the Scottish Enlightenment and interviews with living writers. Informative and readable, this is the definitive single volume guide to the marvelous legacy of Scottish literature. **Poetics of the Hive**

Cristopher Hollingsworth, 2005-04. Cris Hollingsworth's waggledance after scouting the rangiest field of literature: Virgil and Homer down to Milton and Swift on to Plath and Byatt leads you to where the nectar hides. He wisely roams, extracting an anthology of poetry, prose, psychology, history, most of all perception that tops the bee's knees. Paul West, author of *The Secret Life of Words*. Hollingsworth's wide-ranging exploration of the image of the hive is impressive. *Poetics of the Hive* and its panoply of references cannot fail to enrich university classrooms, especially those devoted to both the visual arts and literature. Dore Ashton, author of *A Fable of Modern Art*. Cris Hollingsworth's *Poetics of the Hive* is complex even daring in argument. I'm even more impressed by his skill at an increasingly rare critical art: the educing of argument from careful, often brilliant, analytical reading of literary texts. Thomas R. Edwards, executive editor of *Raritan: A Quarterly Review*. A study to delight the passionate reader. *Poetics of the Hive* tells the story of the evolution of the insect metaphor from antiquity to the multicultural present. An experiment in the evolutionary biology of artistic form. *Poetics of the Hive* freshly examines classic works of literature, offering a view of poetic creation that complicates our ideas of the past and its formative role in modern consciousness and world literature. In the first part of this lyrical synthesis of rhetoric, visual and postmodern theory and cognitive science, Cristopher Hollingsworth reveals the structure behind his metaphor, redefining it as an aesthetically and philosophically potent tableau that he calls the Hive. He traces the Hive's evolution in epic poetry from Homer to Milton, which establishes antithetical but complementary images of angelic and demonic bees that Swift, Mandeville and Keats use variously to debate classical versus emerging ideas of the individual's relationship to society. But the Hive becomes fully psychologized. Hollingsworth argues only when its use by Conrad and Wells to explore Europe's colonial imagination of the Other is transformed by Kafka and Sartre into competing symbols of the modern self's existential condition. Cristopher Hollingsworth is an assistant professor of English at St John's University, Staten Island. **Shades of Gray**
