Tender Comrades:

Tender Comrades Patrick McGilligan, Paul Buhle, 2012 More than sixty years ago McCarthyism silenced Hollywood In the pages of *Tender Comrades* those who were suppressed whose lives and careers were ruined finally have their say A unique collection of profiles in cinematic courage this extraordinary oral history brings to light the voices of thirty six blacklist survivors including two members of the Hollywood Ten seminal directors of film noir and other genres starring actresses and memorable supporting players top screenwriters and many less known to the public who are rescued from obscurity by the stories they offer here that beyond politics open a rich window into moviemaking during the Golden Age of Hollywood

Communism in Hollywood Alan Casty, 2009 Drawing on newly available material Casty illustrates the control by the international Communist movement and the role of the Hollywood Communists themselves in fomenting the intense hostilities of the period Casty juxtaposes the actions and statements of those who testified and named names before HUAC with Communists who refused to testify and remained silent about the atrocities of the Soviet Union By providing a scrupulous account of the full scope of the Communist Party in Hollywood this book presents a more accurate picture of the moral quandaries faced during this dark period in American history **BOOK JACKET Edward Dmytryk** Fintan McDonagh, 2021-07-21 Edward Dmytryk was one of the so called Hollywood Ten jailed for contempt of Congress for refusing to testify before the House Un American Activities Committee in 1947 Finding himself blacklisted after his prison sentence and unable to operate under a pseudonym he took the step of testifying and naming names to the Committee His career resumed to considerable commercial success but also to prolonged and bitter criticism from the left and persistent mistrust from the right Acknowledged as one of the key figures in the development of the film noir genre having directed one of its first films *Murder My Sweet* Dmytryk has otherwise frequently been sidelined in critical studies because of the controversy This book is the first to critically evaluate each of the dozens of films he made between the 1930s and the 1970s including *The Young Lions* *Crossfire* and *The Caine Mutiny* among many others **The Blacklisted Bible** Daniel L. Smith-Christopher, 2022-03-24 Choosing ten films that were considered suspicious un American or even dangerous by the conservative media and especially the infamous House Un American Affairs Committee HUAC between 1947 1953 each chapter briefly outlines how progressive Christians should have supported the message of the film rather than condemned it Each chapter explains why the film was considered controversial and then proposes a number of arguments drawing heavily on Scripture arguing that Christians should have and still should consider these films about social justice issues to be deeply biblical and not un American Intended for an adult education series this book can serve as a kind of handbook for a church or parish Film Series that raises serious questions of social justice and Christian response Robert Rossen Alan Casty, 2013-03-13 This book calls for a re evaluation of the films of Robert Rossen Over a 30 year period he was the most accomplished writer and director who was also a longtime member of the Communist Party but his achievement has not been

recognized his films have been belittled or ignored his legacy denied Rossen's films reflected his times and the American scene with a dramatic intensity and personal expression unmatched by any other filmmaker of the period The stages of his political journey from idealism about Communism to his rebellion against the Party's betrayal of those ideals influenced the rendering of his concerns and themes the flaws of human nature the complexities of motives the paradoxes of betrayal personal and political Yet Rossen testified against his fellow filmmakers and so his morals and character have been denounced his work diminished as fatally marred by his moral flaws The opposite is true Here is a thorough analysis of each of his 22 films and their place in the developing themes of his body of work It integrates this study of the films with a documented narrative of his relationship to the Party its history and conflicts its duplicities especially the relations of the Party and its followers to the oppressions of the Soviet Union And so it challenges the validity of the conventional wisdom about the moral issues of the blacklist period Class Struggle in Hollywood, 1930-1950 Gerald Horne, 2001-02-15

Publisher Fact Sheet This engrossing book probes the motives actions of all the players in the Conference of Studio Unions Strike in 1946 tracing the far reaching consequences of this strike the ensuing lockout to the subsequent fury of Red baiting the encroachment of organized crime in Hollywood **Dissent in Dangerous Times** Austin Sarat, 2010-02-22

Dissent in Dangerous Times presents essays by six distinguished scholars who provide their own unique views on the interplay of loyalty patriotism and dissent While dissent has played a central role in our national history and in the American cultural imagination it is usually dangerous to those who practice it and always unpalatable to its targets War does not encourage the tolerance of opposition at home any more than it does on the front if the War on Terror is to be a permanent war then the consequences for American political freedoms cannot be overestimated Dissent in Dangerous Times examines the nature of political repression in liberal societies and the political and legal implications of living in an environment of fear This profound incisive at times even moving volume calls upon readers to think about and beyond September 11 reminding us of both the fragility and enduring power of freedom Nadine Strossen President American Civil Liberties Union and Professor of Law New York Law School Contributors to this volume Lauren Berlant Wendy Brown David Cole Hugh Gusterson Nancy L. Rosenblum Austin Sarat *Comrade* Jodi Dean, 2019-10-01

When people say comrade they change the world In the twentieth century millions of people across the globe addressed each other as comrade Now among the left it's more common to hear talk of allies In *Comrade* Jodi Dean insists that this shift exemplifies the key problem with the contemporary left the substitution of political identity for a relationship of political belonging that must be built sustained and defended Dean offers a theory of the comrade Comrades are equals on the same side of a political struggle Voluntarily coming together in the struggle for justice their relationship is characterized by discipline joy courage and enthusiasm Considering the egalitarianism of the comrade in light of differences of race and gender Dean draws from an array of historical and literary examples such as Harry Haywood C. L. R. James Alexandra Kollontai and Doris Lessing She argues that if we are to be a left at

his battle against persecution **Drawing the Line** Tom Sito, 2006-10-06 Some of the most beloved characters in film and television inhabit two dimensional worlds that spring from the fertile imaginations of talented animators The movements characterizations and settings in the best animated films are as vivid as any live action film and sometimes seem more alive than life itself In this case Hollywood's marketing slogans are fitting animated stories are frequently magical leaving memories of happy endings in young and old alike However the fantasy lands animators create bear little resemblance to the conditions under which these artists work Anonymous animators routinely toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century In *Drawing the Line* veteran animator Tom Sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit The former president of America's largest animation union Sito offers a unique insider's account of animators struggles with legendary studio kingpins such as Jack Warner and Walt Disney and their more recent battles with Michael Eisner and other Hollywood players Based on numerous archival documents personal interviews and his own experiences Sito's history of animation unions is both carefully analytical and deeply personal *Drawing the Line* stands as a vital corrective to this field of Hollywood history and is an important look at the animation industry's past present and future Like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation Yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same In *Drawing the Line* Sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form *The Final Victim of the Blacklist* Gerald Horne, 2006-09-19 Before he attained notoriety as Dean of the Hollywood Ten the blacklisted screenwriters and directors persecuted because of their varying ties to the Communist Party John Howard Lawson had become one of the most brilliant successful and intellectual screenwriters on the Hollywood scene in the 1930s and 1940s with several hits to his credit including *Blockade Sahara* and *Action in the North Atlantic* After his infamous almost violent 1947 hearing before the House Un American Activities Committee Lawson spent time in prison and his lucrative career was effectively over Studded with anecdotes and based on previously untapped archives this first biography of Lawson brings alive his era and features many of his prominent friends and associates including John Dos Passos Theodore Dreiser F Scott Fitzgerald Charles Chaplin Gene Kelly Edmund Wilson Ernest Hemingway Humphrey Bogart Dalton Trumbo Ring Lardner Jr and many others Lawson's life becomes a prism through which we gain a clearer perspective on the evolution and machinations of McCarthyism and anti-Semitism in the United States on the influence of the left on Hollywood and on a fascinating man whose radicalism served as a foil for launching the political careers of two Presidents Richard Nixon and Ronald Reagan In vivid marvelously detailed prose *Final Victim of the Blacklist*

restores this major figure to his rightful place in history as it recounts one of the most captivating episodes in twentieth century cinema and politics **Hide in Plain Sight** Paul Buhle, Dave Wagner, 2015-04-28 *Hide in Plain Sight* completes Buhle and Wagner's trilogy on the Hollywood blacklist. When the blacklisted were hounded out of Hollywood, some left for television where many worked on children's shows like *Rocky and Bullwinkle*. A number wrote adult sitcoms such as *The Donna Reed Show* and *M.A.S.H.* while some of them ultimately returned to Hollywood and made great films such as *Norma Rae* and *Midnight Cowboy*. This is a thoughtful look at the rising fear of communism in America and the aftermath of the horror that was the McCarthy period from two expert historians of the blacklist period **Hollywood Exiles in Europe** Rebecca Prime, 2014-01-14 Rebecca Prime documents the untold story of the American directors, screenwriters, and actors who exiled themselves to Europe as a result of the Hollywood blacklist. During the 1950s and 1960s, these Hollywood migrants directed, wrote, or starred in almost one hundred European productions, their contributions ranging from crime film masterpieces like *Du rififi chez les hommes* (1955) by Jules Dassin, director, to international blockbusters like *The Bridge on the River Kwai* (1957) by Carl Foreman, and Michael Wilson, screenwriters, and acclaimed art films like *The Servant* (1963) by Joseph Losey, director. At once a lively portrait of a lesser-known American lost generation and an examination of an important transitional moment in European cinema, the book offers a compelling argument for the significance of the blacklisted migrants to our understanding of postwar American and European cinema and Cold War relations. Prime provides detailed accounts of the production and reception of their European films that clarify the ambivalence with which Hollywood was regarded within postwar European culture. Drawing upon extensive archival research, including previously classified material, *Hollywood Exiles in Europe* suggests the need to rethink our understanding of the Hollywood blacklist as a purely domestic phenomenon. By shedding new light on European cinema's changing relationship with Hollywood, the book illuminates the postwar shift from national to transnational cinema *Lee J. Cobb* Donald Dewey, 2014-02-18 For many of his theater contemporaries, Lee J. Cobb (1911-1976) was the greatest actor of his generation. In Hollywood, he became the definitive embodiment of gangsters, psychiatrists, and roaring lunatics. From 1939 until his death, Cobb contributed riveting performances to a number of films, including *Boomerang*, *On the Waterfront*, *The Brothers Karamazov*, *12 Angry Men*, and *The Exorcist*. But for all of his conspicuous achievements in motion pictures, Cobb's name is most identified with the character Willy Loman in the original stage production of Arthur Miller's *Death of a Salesman* (1949). Directed by Elia Kazan, Cobb's Broadway performance proved to be a benchmark for American theater. In *Lee J. Cobb: Characters of an Actor*, Donald Dewey looks at the life and career of this versatile performer. From his Lower East Side roots in New York City, where he was born Leo Jacob, to multiple accolades on stage and the big and small screens, Cobb's life proved to be a tumultuous rollercoaster of highs and lows. As a leading man of the theater, he gave a number of compelling performances in such plays as *Golden Boy* and *King Lear*. For the Hollywood studios, Cobb fit the description of the character actor. No one better epitomized the performer who suddenly

appears on the screen and immediately grabs the audience's attention. During his forty-five year career, there wasn't a significant star from Humphrey Bogart and James Stewart to Paul Newman and Clint Eastwood with whom he didn't work. Cobb was also followed by controversy; he appeared before the House Un-American Activities Committee in the 1950s and was a witness to a movie set murder case in the 1970s. Through it all, he never lost his taste for fast cars and gin rummy. A bear of a man with a voice that equally accommodated growls and sibilant sympathies, Cobb was undeniably an actor to be reckoned with. In this fascinating book, Dewey captures all of the drama that surrounded Cobb both on screen and off.
