predicaments of the age namely socio economic and political issues and the effects of progress on the inner consciousness of the individual human being and analyses the way they are presented by the three poets be it overtly or covertly An interdisciplinary approach is taken where it seems appropriate although generally the poems themselves provide the basis for comment and analysis They are individual but also exemplary reactions to the historical environment from which they emerged and as such they can contribute to a better understanding of both this environment and the interrelation between man and the forces of history in general **The Letters of Matthew Arnold: 1871-1878** Matthew Arnold, 1871

Selections from the Victorian Poets Claude Moore Fuess, Harold Crawford Stearns, 1923 **Nature Knowledge in Modern Poetry** Alexander Mackie, 1906 *The Major Victorian Poets: (Alfred [Lord]) Tennyson, (Robert) Browning, (Matthew) Arnold [Teils.]*. Alfred Lord Tennyson, 1973
