

Teoría y práctica de un cine junto al pueblo
por Jorge Sanjines
LA EXPERIENCIA BOLIVIANA
Publicado en 1972.

El cine boliviano nace y se desarrolla siguiendo dos caminos diferentes y contrapuestos: el uno junto al pueblo y el otro contra el pueblo. Estos dos caminos que pueden tipificar toda la historia política de Bolivia, en la que permanentemente la pugna de los intereses nacionales y antinacionales define y determina su destino, son también los pasos abiertos y elegibles por los que se orientan las corrientes del arte en ese país.

En 1929 se filma el primer largometraje mudo en Bolivia. Se llamaba Wara Wara, y trataba sobre una leyenda de los incas. Le suceden otros pocos intentos de cine argumentado y muchos documentales mudos que se procesaban allí mismo. Cuando el sonido llega y se incorpora al cine, la actividad desaparece, pues la técnica se complica y los equipos y medios que se requieren son muy costosos.

Pasan prácticamente veinte años de silencio en el cine boliviano, y sólo en 1950 un pequeño grupo de pioneros encabezados por Jorge Ruiz realiza la primera película sonora boliviana de carácter documental. Son ellos los que trabajan, muchos años, en medio de grandes dificultades, realizando valiosos documentales no exentos de belleza y calidad técnica. En especial uno de ellos es extraordinario y obtiene el primer premio en el festival de cine organizado por el Sodre de Uruguay en 1956. Se llama Vuelve Sebastiana; está filmado en colores y trata sobre la vida y vicisitudes de un antiguo grupo indígena del Altiplano: los indios Chipayas.

Más tarde filman lo que podría considerarse como la primera película de largometraje sonora boliviana La vertiente. Se filmó en 35 mm, con sonido directo, y en ella trabajaron todos los cineastas bolivianos. Era el año 1958. La película tenía muchos valores, en especial aquellas partes que tenían carácter documental, confirmando así las notables dotes de documentalista de Ruiz. Fallaban la interpretación y la estructura interna. Pero fue un logro importante, aunque no fue reconocido suficientemente.

Actualmente el grupo de Ruiz sigue produciendo documentales y ha realizado uno que otro film de largometraje de características comerciales. Con la separación de Oscar Soria

Global Art Cinema Rosalind Galt, Karl Schoonover, 2010-04-14 Art cinema has for over fifty years defined how audiences and critics imagine film outside Hollywood but surprisingly little scholarly attention has been paid to the concept since the 1970s And yet in the last thirty years art cinema has flourished worldwide The emergence of East Asian and Latin American new waves the reinvigation of European film the success of Iranian directors and the rise of the film festival have transformed the landscape of world cinema This book brings into focus art cinema s core internationalism demonstrating its centrality to understanding film as a global phenomenon The book reassesses the field of art cinema in light of recent scholarship on world film cultures In addition to analysis of key regions and films the essays cover topics including theories of the film image industrial aesthetic and political histories and art film s intersections with debates on genre sexuality new media forms and postcolonial cultures Global Art Cinema brings together a diverse group of scholars in a timely conversation that reaffirms the category of art cinema as relevant provocative and in fact fundamental to contemporary film studies

Frames of Resistance Cordova, 2025-04-04 While the strength of contemporary Latin American cinema is recognized worldwide less is known of the cinema of Indigenous communities in the region a territorial expanse known as Abya Yala Even so and even as these Indigenous filmmakers face ongoing challenges including persecution state violence and a lack of infrastructure or funding they have still managed to flourish over the past four decades using cinema as a powerful tool for promoting advocacy and fostering self determination How do these filmmakers disrupt foundational narratives about their communities and how does their cinema articulate Indigenous knowledges or provoke a rethinking of society history and planetary wellness Frames of Resistance attempts to answer these questions as it counters the perception of Indigenous cinema in Latin America as an isolated and marginal practice Instead it positions this cinema as a sophisticated expression of Indigenous worldviews while delivering a comprehensive look at its origins trends and regional differences Amalia I C rdova Hidalgo examines how Indigenous filmmakers make their cultural vitality visible on the screen as she explores the
