TERMINOLOGY OF THE VEDAS AND EUROPEAN SCHOLARS PANDIT GURU DATTA. VIDYARTHI,2018 *The Works of Late Pandit Gurudatta with a Biographical Sketch* Gurudatta Vidyārthī,1912 *Orientalism, Empire, and National Culture* M. Dodson,2007-02-15 Orientalist research has most often been characterised as an integral element of the European will to power over the Asian world This study seeks to nuance this view and asserts that British Orientalism in India was also an inherently complex and unstable enterprise predicated upon the cultural authority of the Sanskrit pandits

The Terminology of the Vedas and European Scholars Pandit Guru Datta Vidyarthi,2015-06-12 Excerpt from The Terminology of the Vedas and European Scholars With us the question of the terminology of the Vedas is of the highest importance for upon its decision will depend the verdict to be passed by the future world respecting the great controversy to rage between the East and the West concerning the supremacy of the Vedic philosophy And even now the determination of this question involves issues of great value For if the Vedic philosophy be true the interpretations of the Vedas as given at present by Professor Max M ller and other European scholars must not only be regarded as imperfect defective and incomplete but as altogether false Nay in the light of true reason and sound scholarship we are forced to admit their entire ignorance of the very rudiments of Vedic language and philosophy We are not alone in the opinion we hold Says Schopenhauer I add to this the impression which the translations of Sanskrit works by European scholars with very few exceptions produce on my mind I cannot resist a certain suspicion that our Sanskrit scholars do not understand their text much better than the higher class of school boys their Greek or Latin It will be well to note here the opinion of Swami Dayanand Saraswati the most profound scholar of Sanskrit of his age on the subject He says The impression that the Germans are the best Sanskrit scholars and that no one has read so much of Sanskrit as Professor Max M ller is altogether unfounded About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do

however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
