

WHAT IS DEMOCRACY?

The word **democracy** comes from the Greek words "*demos*", meaning people, and "*kratos*", meaning power; so democracy means "*power of the people*".

Democracy is a form of government in which people have the authority to deliberate and vote for the president. This allows citizens to decide how their country or community will be run.

States with **democratic governments** guarantee fundamental individual rights and ensure a range of personal freedoms.

Terms Of Democracy The

Klaus von Beyme

Terms Of Democracy The:

Rightwing Populism Klaus von Beyme, 2018-11-19 This book written by a prominent German political scientist and specialist for political theory and comparative government analyses right wing populism as a topical theme of postmodern party systems in Europe and the United States

Principles and Theory of Political Science Urmila Sharma & S.K. Sharma, 2000 This Book Deals With The Principles And The Theory Of Political Science Besides The Introductory Portion Including Definition Scope Value Nature And Methods Of Political Science This Book Includes The Discussion On All Those Topics Which Find A Place In The Syllabi Of Political Theory Or Principles Of Political Science In Any Indian University These Include Political Power Behavioural And Post Behavioural Revolutions The State The Rise And Growth Of Nation States The Political System Sovereignty Monist And Pluralist View Of Sovereignty The Theory Of Rights Concepts Of Liberty Concept Of Equality Law And International Law Concept Of Property Concept Of Justice Political Obligation Political Revolution Punishment Etc As Political Sociology Is Today An Integral Part Of Political Science This Book Deals With The Main Concepts Of Political Sociology Including Political Development Political Culture Political Socialisation Political Participation Political Recruitment Political Elites Political Alienation Political Communication Political Legitimacy And Effectiveness And Bureaucracy Principles Of Political Science Deal With The Theories Of State And Government Thus This Book Discusses Forms Of Government Democracy Socialism Marxism Syndicalism Guild Socialism Evolutionary Socialism Fabianism Anarchism Fascism Liberalism Individualism And Sarvodaya A Bibliography Has Been Given At The End For Those Who Desire To Go To Originals And Have A Wide Study Of The Subjects

Revolutionary Russia Rex A. Wade, 2004-07-31 This collection presents the major recent writings on the Russian Revolution and its context It brings together key texts to illustrate new interpretive approaches and covers the central topics and themes Together the chapters in this volume form a coherent representation of both the events and the theories and debates that relate to them

Max Weber, Democracy and Modernization Ralph Schroeder, 2016-07-27 These essays bring Weber s sociology to bear on the current transformation of the political landscape After the collapse of communism many states are faced with the challenges of democratization they need to establish their legitimacy in an uncertain economic climate and within a new geopolitical order The essays in this volume develop Weberian concepts and apply his comparative historical method to deepen our understanding of these problems They cover a wide range of examples from the United States to Western and Eastern Europe and from Russia and Japan to the Islamic states

The University in Africa and Democratic Citizenship M. Luescher-Mamashela, 2011-06-01 Whether and how higher education in Africa contributes to democratisation beyond producing the professionals that are necessary for developing and sustaining a modern political system remains an unresolved question This report then represents an attempt to address the question of whether there are university specific mechanisms or pathways by which higher education contributes to the development of democratic attitudes and behaviours among students and how these

mechanisms operate and relate to politics both on and off campus The research contained in this report shows that the potential of a university to act as training ground for democratic citizenship is best realised by supporting students exercise of democratic leadership on campus This in turn develops and fosters democratic leadership in civil society Thus the university s response to student political activity student representation in university governance and other aspects of extra curricular student life needs to be examined for ways in which African universities can instil and support democratic values and practices Encouraging and facilitating student leadership in various forms of on campus political activity and in a range of student organisations emerges as one of the most promising ways in which African universities can act as training grounds for democratic citizenship The project on which this report is based forms part of a larger study on Higher Education and Democracy in Africa undertaken by the Higher Education Research and Advocacy Network in Africa HERANA HERANA is coordinated by the Centre for Higher Education Transformation in South Africa

The Anthem Companion to Alexis de Tocqueville Daniel Gordon,2019-05-30 The Anthem Companion to Alexis de Tocqueville contains original interpretations of Tocqueville s major writings on democracy and revolution as well as his lesser known writings on colonies prisons and minorities The Introduction by Daniel Gordon discusses how Tocqueville was canonized during the Cold War and the need to reassess the place of Tocqueville s voice in the conversation of post Marxist social theory Each chapter that follows compares Tocqueville s ideas on a given subject with those of other major social theorists including Bourdieu Dahl Du Bois Foucault L vi Strauss and Marx This comprehensive volume is based on the idea that Tocqueville was not merely a founder or precursor whose ideas have been absorbed into modern social science The broad questions that Tocqueville raised his comparative vision and his unique vocabulary and style can inspire deeper thinking in the social sciences today

The Journal of Philosophy, Psychology, and Scientific Methods Frederick James Eugene Woodbridge,Wendell T. Bush,1919

The Politics of Presidential Term Limits Alexander Baturo,Robert Elgie,2019-06-20 Presidential term limits restrict the maximum length of time that presidents can serve in office They stipulate the length of term the presidents can serve between elections and the number of terms that presidents are permitted to serve While comparative scholarship has long studied important institutions such presidentialism vs parliamentarism and the effects of different electoral systems we lack a comprehensive understanding of the role and effects of presidential term limits Yet presidential term limits and term lengths are one of the most fundamental institutions of democracy By ensuring compulsory rotation in office they are at the heart of a democratic dilemma What is the appropriate trade off between allowing the unrestricted selection of candidates at presidential elections vs restricting selection procedures to prevent the possibility of dictatorial takeover by presidents who are unwilling to step down In the context of a long and on going history of changes to presidential term limits and the many and varied ways in which term limits have been both applied and avoided this book explains the factors behind the introduction stability abolition and avoidance of presidential term limits as well as the consequences of changes to presidential term limits and it

does so in the context of non democracies third wave countries and consolidated democracies It includes comparative theoretical and practitioner oriented chapters as well as detailed country case studies of presidential term limits across the world and over time

Translation as Experimentalism Tong King Lee, 2022-07-28 This Element argues for a perspective on literary translation based around the idea of ludification using concrete poetry as a test case Unlike rational scientific models of translating ludic translation downplays the linear transmission of meaning from one language into another It foregrounds instead the open ended ergodic nature of translation where the translator engages with and responds to an original work in an experimental and experiential manner Focusing on memes rather than signs ludic translation challenges us to adopt an oblique lens on literary texts and deploy verbal as well as nonverbal resources to add value to an original work Such an approach is especially amenable to negotiating apparently untranslatable writing like concrete poems across languages modes and media This Element questions assumptions about translatability and opens the discursive space of literary writing to transgressive articulation and multimodal performance This title is also available as Open Access on Cambridge Core

PROCEEDINGS OF THE SECOND INTERNATIONAL CONFERENCE ON GLOBALIZATION: CHALLENGES FOR TRANSLATORS AND INTERPRETERS Youbin Zhao, Wei Lin, Zhiqing Zhang, 2017-07-04 This two volume book contains the refereed proceedings of The Second International Conference on Globalization Challenges for Translators and Interpreters organized by the School of Translation Studies Jinan University China on its Zhuhai campus October 27-29 2016 The interrelation between translation and globalization is essential reading for not only scholars and educators but also anyone with an interest in translation and interpreting studies or a concern for the future of our world's languages and cultures The past decade or so in particular has witnessed remarkable progress concerning research on issues related to this topic Given this dynamic The Second International Conference on Globalization Challenges for Translators and Interpreters organized by the School of Translation Studies Jinan University China organized by the School of Translation Studies Jinan University China was held at the Zhuhai campus of Jinan University on October 27-29 2016 This conference attracts a large number of translators interpreters and researchers providing a rare opportunity for academic exchange in this field The 135 full papers accepted for the proceedings of The Second International Conference on Globalization Challenges for Translators and Interpreters organized by the School of Translation Studies Jinan University China were selected from 350 submissions For each paper the authors were shepherded by an experienced researcher Generally all of the submitted papers went through a rigorous peer review process
